**The Last of Him.**  
READ the following—Do not let it excite you. It tells of a man who was debilitated, but immediately obtained a bottle of Hooftland's German Bitters, and restore himself to health and happiness.  
While others are endeavoring to find a cure in various preparations, with no evidence of their touching such a case, we have the faithful report, and any one can see it in Coates and Second st., which passed from Mr. Jacob Sheffer, of Lancaster county, Pa., 336 inches in length, which he sent us, great for the restoration of health, and declares that others may be convinced of the efficacy of the "Sufferer's Friend."  
We will let this sufferer tell his own tale of woe, and express the generosity of his noble soul in stating of gratitude for his relief from the grasp of this messenger of death.  
Messrs. J. N. & G. S. Hooftland—Having been afflicted for some time, and finding no relief from various medicines, I was induced to try your Worm Syrup, from a belief of being afflicted with worms. I had taken but three bottles of your Syrup, when to my great surprise and immediate relief, I passed tape worm 26 feet or 336 inches in length, which I send you. Hoping this may benefit some one afflicted in like manner, and in justice to the value of your medicine, I respectfully offer this statement. Yours respectfully,  
JACOB SHEFFER.  
Lancaster co., Pa., Jan. 1846.  
Price 25 cents.  
None genuine without the signature of the proprietors on the outside wrapper. Prepared only by J. N. & G. S. Hooftland, at their Chemical Laboratory, St. John street, above Coates, Philadelphia, and Marinville, Belmont county, Ohio.  
A liberal discount made to wholesale dealers.  
This Syrup is also for sale at the principal stores, and by stockholders generally all over the United States. Also, Robert Shoemaker, General Agent, 23 and Green st., Phila.

**DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,**  
PREPARED BY  
**DR. C. M. JACKSON,**  
AT THE  
**GERMAN MEDICINE STORE,**  
No. 120 Arch Street, Philadelphia.  
Their power over the above diseases is not excelled, or equalled, by any other preparation in the United States, and in many cases, in many cases after skillful physicians had failed.  
Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weaknesses and affections of the digestive organs, they are, without a doubt, certain and pleasant.  
**READ AND BE CONVINCED.**  
[From the "Boston Bee"]  
"Dr. Hooftland's Celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most searching medicines of the day. The celebrated Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are speaking from experience, and to the afflicted we advise their use."  
[From Scott's Weekly]  
"Dr. Hooftland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effect that they have upon weak systems."  
[From the N. Y. Weekly Messenger, Jan. 6, 1850.]  
"Dr. Hooftland's German Bitters—Here is a preparation which is the leading process in the Union, and which is so unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times, the late Dr. Christopher Wilhelm Hooftland, Professor to the University of Bonn, Private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser, may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the Liver, and the intestines.  
The "Philadelphia Saturday Gazette," the best Family Newspaper published in the United States, the editor says of  
**HOOFLAND'S GERMAN BITTERS,**  
"It is seldom that we recommend what is so generally recommended to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hooftland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a period, and then forgotten after they have done their gully race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the faculty itself."  
Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the most searching physicians of Philadelphia, the most eminent of the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser, may be confidently relied on. **HOOFLAND'S GERMAN BITTERS,**  
"It is seldom that we recommend what is so generally recommended to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hooftland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a period, and then forgotten after they have done their gully race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the faculty itself."  
Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the most searching physicians of Philadelphia, the most eminent of the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser, may be confidently relied on.
