The British Fleet off Vera CruzWashington, Dec. 27.—We have reliable information which explains the report that five British men of war were off Vera Crux to blocked the port. The rumor was caused by the appearance of the Admiral commanding the West India and North American stations. He was in that vicinity en route for Jamaica, where he was expected about the last day of December. His usual winter quarters are at that island.

The steamer Prometheus commenced her regular trips to this port in July last, in connection with the transit steamers on the River and Lake, and the steamers from San Juan del Sur. The authorities of this town granted to the Company the privilege of occupying a certain portion of land on the opposite or north side of the harbor, for the on the opposite or north side of the harbor, for the purpose of fitting up the river steamers, discharging coal, &c. MANIFESTO OF THE MERCHARTS OF GREYTOWN.

New Orleans, Dec. 23.—We have later advices from the Rio Grande. Brownsville papers of the 3d situated:

York Times has received some important intelligence from Nicaragus. The American merchants and residents in San Juan del Norte, or Greytown, have issued a Manifesto in reference to the affair of the Prometheus, etc. We quote as follows:

The port of San Juan del Norte (Greytown) is a free port. All articles imported or exported are free of duty. The City Government consists of a Council, of which Mr. Green, the English Consul, is a disconstant of the Council is composed of five and included nearly all the Seminol Indians and their leader.

Shepherd, and James Goddes. Messrs. Gray and Stephenson are Americans; Mr. Sigand is a Frenchman; Mr. Shepherd is a native of this coast; and Mr. Geddes is a Scotchman.

Each member of the Council is a Magistrate, by right of office, and any act whether relating to the City or Harbor must be approved by the Council before it can become a law. There is a regularly organized police for the maintenance of order, a City Attorney to discharge the usual duties of that office and a Port Captain and Port Surgeon, whose duty it is to board all vessels entering the harbor.

All vessels entering the harbor are required to pay all harbor dues except the English Mail Steamers, and these vessels are exempt simply because they bring and receive a mail to and from this place. The same privilege is offered to the Steamers of any other country that will in like manner deliver and receive a mail to and from the countries from which they come.

The steamer Prometheus commenced her required to the first that the countries from which they come.

THE MILITIA AND BOUNTY LAND WARRANTS.—Senator Davis, of Mass., writes from Washington that the Secretary of the Interior has acqueseed in the suggestion that sil the Millita of Massachusetts, in service, during the war of 1812, for a period of 30 days, should be considered as coming within the provisions of the Bounty Land Act, of 28th September 1851. ber, 1851.

WASHINGTON, Dec. 27, 1851.—The Kossuth excitement is flat. There will be no glorification procession in Washington.
