

STEAM SAW MILL.
THE Proprietors having just finished a large Steam Saw Mill on an improved plan, with circular saws, capable of sawing 10,000 ft. of Lumber in one day, located three miles west of Papertown, Cumberland county, Pa., at the base of the South Mountain on Spruce run. Having purchased near 1000 acres of the best timber in the southern part of Pennsylvania, are now prepared to saw and furnish Lumber to order at the shortest notice of the various descriptions, such as frame timber, barn and houses, of any length and size. Also Weather Boarding, Flooring, and Fencing Boards, Poplar and Oak Boards and Plank to suit the various mechanics, Shingles and Plastering Lath, also Oak and Chestnut shingles, Cooper Sticks, Pine Fines, Cies and rails and posts.
They have now on hand about 4000 chestnut rails in and near Papertown, for post fence. The Proprietors having a well stocked mill, and the natural advantages of the Lumbering business, are now enabled to furnish lumber to the citizens of Cumberland county, lower than any other similar establishment, and as they expect to do an extensive business, will spare no pains to accommodate the public at the shortest notice. The various descriptions of lumber will be delivered in Carlisle or elsewhere. All orders to be addressed to the proprietors residing in Papertown. **DIYEN & HASKEL.**

PROTECTION FROM LIGHTENING!
TO THE PUBLIC.
WE respectfully offer to the public our superior Lightning Rods of Spiral-wire Carbonized Anodized Iron with Zinc Pointers and electric spires, the elements combined in their construction, thus rendering them superior as conductors. They are made in ten lengths, with accurately fitted brass screw connecting joints, an entire new style of attachment, for brick or frame houses, others forming a look-like the whole mounted with a solid silver or gold plated point twelve inches long, which possess the power to an extraordinary extent of discharging the opposing electric power of the lightning rod into the lightning rods every scientific improvement in lightning rods up to this time.
Thus guarding, both laterally and obliquely, the whole constitutes the most magnificent and perfect electric conductor ever presented to the public. We sell such rods as are ever presented to the public at such low rates. We have given the greatest attention to their construction so that they may be readily attached. The astonishing power of the negative magnetic discharging the air of the opposite element has been clearly demonstrated by the electrician, when unmagnetized points have shown bright light through placed in the same condition. In fact they gather and collect electricity from the atmosphere. When you would destroy any rod of any being present. Our improvement having received the approval of men of science, the public are cautioned against purchasing those rods or substituted inferior kind of construction. Have a look at our manufacture for the whole United States and for exportation to any part of the world.
All orders for rods, wholes or retail, through the Post Office, will be promptly attended to if addressed to the subscribers at Carlisle, Pa.

Newspaper Establishment for Sale.
A weekly newspaper establishment, located in one of the most flourishing inland towns in the interior of Pennsylvania, is offered for sale, the proprietor wishing to change his business in consequence of ill health. The subscription list numbers about 1000, and all of which have been voluntarily subscribed, which could not be doubled in a very short time by proper exertion. The paper has averaged about ten columns of paying advertisements since its commencement, and the jobbing is quite respectable, and considerably more than that of many other towns of greater size and population. The office is well supplied with materials, having three presses, one of which is a "Washington," from 200 to 800 lbs. of body type, and a handsome assortment of job type. The town is beautifully and advantageously located for business, being in the immediate vicinity of canals and railroads, leading in almost every direction. To one who is desirous of engaging in business, this is a fine opportunity, as there is not much doubt that, in the course of a few years, the population and business of the town will rapidly increase. For further information inquire of the editor of this paper.
