206 Acres and some Perches,

of Black Slate Land, of good quality and in a high state of cultivation. About 170 acres of which are cleared, and the residue, in thriving timber. The improvements on the cast side of this farm are a large double Brick House, and Kitchen, well finished, a Bank Barn, an Apple Orchard of grafted fruit, and all the necessary Outbuildings. This west side contains a Stone House and Stable, a good Well in the basement, and a Spring at the door, and an Apple Orchard of common fruit.

The Mansion side of this tract is worthy the notice of persons desirous of purchasing a beautiful country residence, as it would require but little additional expense to render it such. This proporty combines several advantages, not only from location but from the nature of the soil, it being loose and easily tilled. It contains about 25 acres of bottom or rather second bottom land, which is well adopted to the growth of either grain or grass; thus giving it the double advantage of a grain and stalk farm.—This bottom is in front of the improvements from cast to west, which renders it very suitable to divide, the wind a bank such case high cast to west, which renders it very suitable to divide, throwing a handsome farm of 103 acres to each side

throwing a handsome farm of 103 acres to each side and nearly square.

Also, will be sold on the same day, 57 acres of Mountain Timber Land, with a snug improvement on it, about 2 miles distant. If not sold it will be rented on the same day. Title to both properties indisputable. Terms to suit purchasers. Persons wishing to view the property can call on Geo. Trimble, who resides on it.

JOHN TRIMBLE, Agent.

HICKOK'S PATENT CIDER MILL

IMPORTANT TO FARMERS. TIME AND LABOR SAVED.

The Old Fashioned Mills Done Away With ! Inc 01d Fashioned fittle Jone Away With!

I N all former times it was supposed that a larger quantity of Cider could only be made by using a ponderous machine, that slowly crushed the apples without grinding them fine. They were then made into a massive cheese in straw, and a most several of the order, a considerable quantity being absorbed by the straw and the mass of permice, and to obtain this unsatisfactory result the farmer had to take all his hands, and perhaps his six horse team, and devote a whole day that could have been more profits by emphysed, to make from six to twelve barrate of cider. To obviste the difficulty the Farmers have heretofore labored under,

pages of teamining and employing 1 Teachers, withing hal considerable reprinces in the above in take charge of the Common Schools of said District for the ensuing term.
