RUIN---RUIN 1

Aro the Federalists serious when they say they are their old game, and are once more attempting they are not. Here in favor of reviving the tariff at a of 1842 T No. the same subject of the tariff of 1842 T Oh, no! The resolution role in they are ar their od game, and are once more attempting the tariff of 1842 T Oh, no! The resolution and they core made they are a matter of cause. The problem are of their requestion for the whige of the same subject adopted by the had they not hearing this announcements the resolution for the whige to the same subject adopted by the proceeding over y cleation, and they are rained it is a matter of cause. The problem are proprieted to be average the same public tariff of the word for the whige to the same subject of the tariff of the word for the whige to the same subject adopted by the proposed to that tariff, or to median the same subject adopted by the proposed to make aspital for game that the whige of the course. The problem are projection, and the same subject adopted by the proposed to make aspital for the whige to the same public tariff or the whige to the course. The protection for the whige to the course the same public tariff or the whige to the same subject adopted by the proposed to make aspital for the whige to the course. The protection for the whige to the same taring. The same there addition for Amanas publishes to embrane politication who was another of the functor of the whige to the same provided for as a matter of cause. The protection for the whige to the same taring while also the same public taring for the whige to the same taring or the whige to the same taring of the course. The protection for the whige to the same taring while also the same taring while and the same taring while also the same taring while and the same taring while also the THE WHICS AND THE TABLEF.

aling with the subject at all. It is in our own State in their remarks on the incidents in the months of President Polk, the honors and enduments of which a line between the De-along with the subject at all. It is in our own State in their remarks on the incidents in the months of President Polk, the honors and enduments of which a line between the De-along that the Federalists expect to make capital for Soptember and October. The prediction would all in grant the grant to count of the Federal high office her refused — who in 1847, on the breakt in the grant to count of the Federal high office her refused — who in 1847, on the breakt is called at the same time denounces the De-there in their remarks on the incidents in the months of President Polk. The production would all her same time denounces the De-there in the remarks on the incidents in the months of President Polk. The product of the Federal high office her refused — who in 1847, on the breakt is claim. I care not what he is, nor who he is, but for 1842." It is an attempt to humbug the people — to cheat them as they cheated them before. It is bit is "has been sold out by the sheriff," is again going these who are after the spoils of office who pretend son is more aligned in the Whig papers. Every fall, busch solicitude for the working man before avers of the last first or a size or a is more aligned in the Main papers. Every fall, much solicitude for the working man before avers of the last first or a size or a size or a between the main and the the last for a size or much solicitude for the working man before every for the last five or six years, Cambria country, accor. Cherubase, Molino Del Rey, and Garita De Belen, election, but who pass that same working man after ding to Whig editore, has been sold out by the shor. receiving the plaudits of Generals Scorr, Worrin, election, but who pass that same working man after he has voted, without even a nod of recognition.— The attempt to make capital by protending to bo in favor of a high tariff, is a cheat and a fraud, and is give about 1000 Deduceration majority at the cleation, in the trasting 't due they are all in the proje of that he capital by protending to bo in favor of a high tariff, is a cheat and a fraud, and is give about 1000 Deduceration majority at the cleation, in the trasting 't due they are all in the proje of that he capital the city differito, and the striff ' Will any Whig brawler toll hand of the sheriff. This foolish he has become state and draw they are all in the subject. In relation to the tariff (Gen. Scott occupies and the folly of their brethren. We think our a netural position, and in all the species he has inter a mationed like folly of their brethren. We think our federal friends had botter hatch up something else inter a netural position, and in all the species he has hand e of the faster of that folly of their brethren. We think our federal friends had botter hatch up something else inter a netural position, and in all the folly of their brethren. We think our federal friends had botter hatch up something else inter to fare that to up; the Cambria econ-tinues to give ber sweeping Democratic majority at except the tariff of 1842, Gen. Scott had not a word incus to give ber sweeping Democratic majority at incus to give ber sweeping Democratic majority at except the tariff of 1842, Gen. Scott had not a word incus to give ber sweeping Democratic majority at incus to give ber sweeping Democratic majority at except the tariff of 1842, Gen. Scott had not a word incus to give ber sweeping Democratic majority at incus to g except the tariff of 1842, Gen. Scott had not a word tinues to give her sweeping Democratic majority at as a cowad, a drankard, gambler, and fool! Yes,

to say on the subject. On other national subjects, Gen. South as given us his opinion, and he has a for south as given us has opinion are convictions," from which he will not depart. For instance, he has adding that he would has to see an Alien and Sedition Law passed by Constraints, the formation of the sump, making humbigs he was opposed to the natoralization of foreigness, in a species to the papele. For the first time in the the same for a build device see an Alien and Sedition Law here so the same papeled to the natoralization of foreigness, in favor of a plundering Bankrupt, Law. He has the tard here is correct of new south to the same and same and solid to exist the same for a buildering bankrupt, Law. He has here so the same papeled to the same south and same south to the same and same and same south and same south to the same and same south to the same and same south to the same and south to the same and same the same for an built operation. The specches here has a conduct to first boffer the brain for the internet inform the internet inform the internet inform the inform of the papele and perplet, and perplet, and perplet, and perplet and pe
