TIME AND LABOR SAVED.

The Old Fashioned Mills Done Away With !

The old Fashioned Mills Done Away With ! Nall former times it was supposed; that a larged quantity of Cider could only be made by using a ponderous machine, that slowly crushed the apples without grinding them fine. They were then made into a massive checes in straw, and a most severe and long pressure was required to extract a portion of the oider, a considerable quantity being absorbed by the straw and the mass of pointice, and to obtain this unsatisfactory result the farmer had to take all his hands, and perhaps his six horse team, and de. vote a whole day that could have been more profin-bly employed, to make from six to twelve barrels df cider. To obviate the difficulty the Farmers have heretofore labored under, THHIS IN A CHINE!
