Burley's Arabian Meave Remedy.

For the cure of Heaves, Thick and broken Wind, Coughs, Colds, and all diseases which effect the wind of Horses.

THIS preparation is in common use among the Arabia who feed it to their Horses three or four times a year, for about a week at a time which no doubt is the cause of their remarkable speed and unfailing wind. It was introduced into England, some years ago, by Mr. Durley of Yorkshire, who procured the purchased a horse, during his residence in Syria, which he imported into England and was known as the Darley Arabian, from which spring the largest and most splended horses over known.

It will not only prevent, but it will effectually cure the above named complaints; it cleanses the broathing apparatus by removing from the art cells the lympth or secretion which in Hoaves clogs thom, causing a difficulty of the blood and restores the vessels of a natural dimensions thus equalizing the natural dimensions thus equalizing the restored the very interest parties.
