

THE VOLUNTEER.

The first annual Message of GOV. BLOOM, which...

men to-day, will be read with deep interest...

ment, and the Governor's recommendations to...

Legislature we hope to see observed. The receipts...

to the public Treasury were for the past year...

\$4,561,885, the expenditures \$4,123,262—leaving...

available balance, when added to that of the year...

previous, of \$677,037. The condition of the State...

works is spoken of at large, and the Governor sets...

the Treasury will be able to cancel annually one...

million of the public debt. Six hundred thousand...

dollars of relief notes are still in circulation. The...

Governor recommends the contraction of paper cur-

rency, which may be considered as a prestige of the...

value of any Bank bills that may be passed during...

the present session. The Commissioners appointed to...

prevent the laws, have, among other things, prepared...

a general tax law. The negotiation of the five...

million loan is referred to, with the saving which it...

will owe to the Treasury. He recommends the...

passage of law authorizing the cancellation of the...

old five percent bonds by the creation of new ones...

free of tax, with coupons attached, bearing a...

less rate of interest, or bonds bearing five per cent,

on which notes than five and a half per cent. of a...

premium shall be paid.

To avoidance of the plan on the Portage Rail-

road—the completion of the North Branch canal...

and the relaying of the North track of the Columbia...

Railroad, are all subjects which he invites atten-

tion. The Governor, says the Reading Gazette, does...

not approve of the policy of the Government engag-

ing in any new projects of public improvement, and...

the experience of the past, certainly sustains him in...

his objections. In allusion to the conflict of interest...

between the State and the Pennsylvania Railroad,

the Governor thinks that they should endeavor to...

work in harmony. Plans for the removal of the...

currency from circulation are proposed, which...

it is to be hoped will be acted upon by the Legisla-

ture. What the Governor says of their weakening...

the efficiency of the law against foreign small notes...

is very true. Six hundred thousand dollars of this...

currency are still in circulation. The most sound...

and valuable portion of the message, is that in which...

he takes ground against the increase of paper money...

in the State, and shows the pernicious influence that...

inflation of prices from this cause has upon domestic...

trade. He hopes to see all notes under five dollars...

driven from circulation, and at some future day the...

five also.

The Governor argues, with conclusive force,

against the increase of irresponsible corporations, for...

purpose of private gain, and urges the adoption of...

the individual liability principle, to its fullest extent...

in all cases of incorporation. He also commends...

the State to the public interest, than special enact-

ments—the evils of which latter, he forcibly...

points out. The commissioners appointed to...

prepare general laws are about to report an extension...

of the general manufacturing law, and to recommend...

an increased liability of stockholders. They also...

suggest giving more general powers to the Courts...

on the subject of selling real estate by parties acting...

in a representative capacity, and referring to them...

all claims against the Commonwealth.

The subject of agricultural improvement receives...

the Governor's attention, and he suggests beneficial...

legislation upon this subject. He refers particu-

larly to the growing of wool, and the demonstra-

tions made by Peter A. Brown, Esq., of Philadel-

phia, that Pennsylvania is peculiarly adapted to its...

culture. Referring to the census report, the prosper-

ity of the State is a subject of pride and gratifica-

tion—evincing, as it does, that Pennsylvania is destined...

to stand in advance of all her sister States. The...

to stand in advance of all her sister States. The...

RELIGIOUS TOLERATION.

In presenting to the Senate, the petition from the...

Maryland Baptist Union Association, "asking the...

interposition of the United States to secure to Ameri-

can citizens abroad, the rights of religious worship...

according to their consciences." General Cass made...

a few appropriate and impressive remarks in favor...

of interposition. He said he presented the petition...

with pleasure; not only on regard to the motives...

and position of those who make this application...

but also because he heartily concurred with them in...

the importance of the object, and in the propriety...

of calling the attention of the Government to it—...

an object dear to us and to the world, in its consequences...

now and hereafter. This body of pious and intelli-

gent christians anxiously desire the freedom of reli-

gious worship for their countrymen, wherever the...

accidents of life may carry them. And it is not...

strange that this sentiment should be strongly felt...

and strongly expressed in this land of Gospel liberty...

it is strange that in this age of the world, and in...

this day of intellectual advancement, any obstacle...

should be interposed by any Government in christen-

dom so prevent the believers in the faith of Jesus...

from following the dictates of their conscience, and...

while rendering unto Caesar the things God's...

Conscience prohibit them from rendering unto God the...

things that are God's, as expressly to their own con-

science fully with the signers of this petition, that...

the best of freedom is the freedom of conscience...

and that there is no tyranny so revolting as that...

which tyrannizes over the mind."

We go heart and hand with this movement, because...

we believe it to be the right and duty of every one...

to worship God in the mode which he may conscien-

tiously believe to be most acceptable. American...

citizens travelling abroad, should be entitled to per-

form their religious duties to suit themselves. In...

demanding this right of foreign powers, we ask...

nothing inconsistent with reason, justice or propri-

ety. We do not ask them to disconnect church and...

State, or to change their laws in relation to their...

own subjects; but we demand as a right, that they...

should not dictate to us the manner in which we shall...

worship God. The enlightened age in which we live...

requires that religious differences should be tol-

erated. We practice this toleration towards all per-

sons who visit or reside in our country, and our citi-

zens abroad should enjoy the same rights.

We hope that Congress will take up this subject...

in earnest, as it is of considerable importance. We...

can hardly suppose it possible that any government...

would refuse to yield to so just a demand for it...

it could not effect any disadvantageous change in their...

internal policy. At all events we would have the...

experiment tried.

SPRITUAL RAPTURES AND SUICIDES.—The Spiritual...

Rapting delusion is producing the same deplorable...

effects as the delusion of the past years—agony...

unassisted reason and suicide, in consequence of...

excitement of mind upon spiritual topics. The news-

papers of New York are filled with the investiga-

tions before a coroner's jury, in the case of Martin...

Langdon, who committed suicide last week, while...

laboring under insanity, induced by attendance at...

the so-called spiritual circles. The deceased was a...

printer by profession, and up to the time he became...

deluded by the rappers, was supposed to be a strong...

mind man. He had, prior to his acquaintance...

with these rapping husbands, lost a child, a circum-

stance which appears to have been truly great...

months past, his thoughts had been constantly upon...

the rappings. He attended the circles, and read the...

spiritual newspapers. Mrs. Langdon, the wife...

of the deceased, says that she was induced to attend...

one of these rapping meetings, where she saw her...

STATE AGRICULTURAL FAIR.

The Executive Committee, at a meeting held the...

10th of December last, adopted the subjoined...

resolution:

Resolved, That competition for premiums for...

field crops be invited until Saturday, the 15th...

of January next; that the list of premiums be pub-

lished in a Harbinger, Pittsburg, Lancaster and Ger-

mantown newspaper, and that editors throughout...

the State friendly to the cause of Agriculture be...

requested to give this notice an insertion in their...

papers.

Competitors must furnish a full statement of the...

mode of cultivation, and accompany the same with...

the certificate of two respectable men, as to the...

product and measurement of the ground, and also...

exhibit a sample of each crop at the annual meet-

ing in January, when the premiums will be award-

ed.
