their weakening the efficiency of the law against foreign small notes is manifestly true. We have the Legislature may speedily adopt some measure for the removal of these fifthy and depreciated notes from circulation. The fact that the State is now flooded with counterfeits, purporting to be of the Relief issue, and which are being circulated in every community, should be a sufficient argument in itself, to induce the Legislature to with ourse, by their side or in the law the Relief currency from circulation. But, independent of this argument, there are other considerations of still greater importance, all of which
