Court commenced in this place on Monday last. In our next we shall give a report of the criminal cases disposed of.

The communication signed "A Pupil," is rejected. First, because the writer forgot to give his name; second, because it is written in bad taste. "A Pupil" had better apply himself to his books.

BEAUFORT ADVISOR.—Don't put on thin clothes nor ditto boots soon. The weather is as deceiving as a young man just coming out.

FIRE AT NEWELL.—We regret to learn that Gen. John M. Woodburn's stable at Newell, was entirely destroyed by fire on Thursday night of last week. Four work horses, the property of Mr. W., perished in the flames. A quantity of hay, oats, and straw, and some half dozen sets of harness were also consumed, making the loss very considerable. It is believed the fire was the work of a scoundrel incendiary.

The Supreme Court of the State is now in session in Philadelphia. The annual term for the Middle District will commence in Harrisburg on the second Monday (9th) of May, and continue eight weeks. The return day for Cumberland, Perry and Juniata, is the 30th May.

SECOND CONVICTION OF SPRING.—The Court of Oyer and Terminer at Philadelphia, granted Arthur Spring a new trial on account of McQuillan serving on the jury instead of Corr. The trial was commenced on Monday, and ended on Thursday, with another verdict of Guilty of Murder in the first degree. The evidence was pretty much the same as that given upon the first trial.

MELANCHOLY ACCIDENT.—Mr. Robert Elder, of Lower Swatara township, Dauphin county, was killed on Tuesday afternoon of last week, while on his way from his home to Harrisburg on business. In coming down a hill a short distance east of the borough, his horse took fright, and, as is supposed, on jumping from the carriage, Mr. Elder was instantly killed. He was a man widely known and universally respected.

The Fair Journal for April has been received, and is filled with its usual variety of matter in reference to the interests of agriculture. Every farmer should have a copy. Persons wishing to subscribe can see a number by calling at this office, held on Saturday, at Wolcott's auction room, Philadelphia. The highest price paid for pure Shanghae is \$18 per pair. The "Hon Fover" appears to prevail in all parts of the country. The epidemic, or whatever it may be called—has shown itself in our vicinity within a short time, and is characterized by all the peculiarities which have marked its ravages elsewhere. Some of our most valuable citizens are now suffering from its attacks, and there is no little anxiety felt for their recovery. The morning numbers of our neighbors are interrupted by the sonorous and deep toned notes of our Shanghai Chanicleer, and various have been the inquiries as to how he took "cold," and what we gave him for it. "Chittagong" and "Cochin China" are now as learnedly discussed as "Fancy Stocks" on change.

One of our fanciers complains that he is obliged to use egg for coffee worth \$3 per dozen. Twenty dollars a pale is now no uncommon price for full blood chickens, and plenty of buyers at that.

McKEE vs. CHANCEMAYNE.—Johnston McKee, alias Black Hawk, alleged to be one of the most prominent of a gang of counterfeiters in Western Pennsylvania, was arrested at Hollidayburg, on Tuesday night, by Capt. Bennett and officer Seid. McKee was taken to Bloomfield, the county seat of Perry county, and arraigned before the Court there in session. In default of \$4000 bail the Judge ordered him to be imprisoned in the county jail, until the authorities are prepared to give him his trial. Among the spurious notes circulated by this gang were \$5's on the Girard Bank.

LANCASTER GAS WORKS.—The alterations in the Lancaster Gas works have been completed, and the city is now furnished with coal instead of resin gas. Their capacity, which was insufficient to supply the demand, has been increased so that no fears are now entertained for the want of light; and the quality is equal to any manufactured elsewhere. The price of gas has been reduced 33 per cent. on the former rates.

WHOLESALE DESTRUCTION OF LETTERS.—On Wednesday last, seven hundred bushels, or about one million, of dead letters were destroyed at Washington, in accordance with the usage of the Post Office Department. They were carried to Monument Square, and spread over a line of two or three hundred feet, when the match was applied. The entire mass of combustible material was soon in a blaze, and several hours elapsed before the conflagration was completed; the official attendants meanwhile taking the burning fragments to facilitate operations. The atmosphere for thousands of feet around was filled with charred fragments. A large number of persons witnessed the proceedings with much interest.

The Johnstown Cambrian, of the 1st inst., says that the laborers at the Cambria Iron Works all struck last Monday, for ten hours or something else. There were 150 of them, who laid down the shovel and the pick. The most of them went to work again, but whether they got the "ten hours or something else" the papers don't say.

The invitation accepted.

The invitation tendered by the Pennsylvania Legislature to the Governor, Heads of Department, Legislators of Maryland and the Mayor and author- ities of the city of Baltimore, has been accepted, and the day fixed for the occasion is Saturday next, the 16th inst.

THE RELIEF NOTES.

Both branches of the Legislature have passed a resolution to adjourn sine die on the 19th instant—next Tuesday. This will be regarded by the people the most meritorious resolution of the Legislature, for it cannot be denied, the present session has been a very unprofitable one for the people of the State. The whole session has been occupied in passing private bills, the most of them so contemptible in character as to be unworthy a place on the statute books.

The question of all others that the people felt an interest in—the cancellation of the Relief notes—has not been touched. At the commencement of the session, we, in common with the entire press of the State, urged the Legislature to make speedy provision for the destruction or cancellation of these filthy rags; Gov. Bigler, in his annual message, and also in his recent special message, used every argument that could be urged to induce the Legislature to act promptly in this matter; but yet nothing has been done—literally nothing—the wishes of the people have been disregarded and neglected and the Legislature is about to adjourn. Joy go with them!

THE GARDNER CASE.—The trial of Dr. Gardner is still pending in the Criminal Court of the District of Columbia. It will be recalled that he was awarded the sum of \$428,000, by the board appointed to adjudicate claims growing out of the war with Mexico. His claim was based upon his affidavit, and other papers, that the working of a mine he owned in Mexico, and yielding him \$20,000 a month, was broken up by the war. He is indicted for perjury, and evidence has been adduced to show that he never had a mine in Mexico—that he was simply a traveling dentist in that country, and that the claim, as forgeries. The present aspect of the case is against Gardner.

The evidence, so far as published, goes to show a most impudent and unblushing almost avowed scheme to plunder the people. Senator Ainsworth told Gardner "it was a robbery," to which the latter replied, in substance, "it don't make a bit of difference, I have got the money and nothing can take it away from me again." This is the kernel of the question—whether he made great hauls out of this shameful swindle besides Gardner. Shall they be forced to surrender the plunder? Corwin, Mr. Fillmore's Secretary of the Treasury, is at the trial anxiously revolving this subject no doubt.

THE JAPAN EXPEDITION.—We learn from the Washington Union, the official organ, that the Japan expedition is not to be abandoned. The following force is about to rendezvous at Macao, under Commander Perry, as Commander in Chief of the East India Squadron, viz: three steam frigates—the Mississippi, (flag ship), the Susquehanna, and Powhatan; and three steam sloops—the Saratoga, the Plymouth, and the Vandalia, with the stores ships Supply and Southampton. It was intended that the Vermont, ship of the line, the Macedonia, sloop of war, and the Allegheny, steamer, should have formed a part of this squadron; but the insufficiency of the appropriations, and of the naval force authorized by Congress, compels their withdrawal.

CUBA.—A writer in Harper's Magazine, in the course of a series of sketches of Cuba, says that for more than a hundred and fifty years, that most odious of all despotisms, military rule has prevailed in Cuba. The Captain General exercises vice-regal powers, and holds in his hand the dispensation of happiness or misery to the people of Cuba. For more than a century tax upon tax has been laid upon the industry of the island, for the ostensible purpose of revenue for the royal treasury, but really to fill the coffers of greedy royal officials.—The Creoles groan under the burden, and sigh for deliverance. Commerce has made them acquainted with our happy republic; despotism has compelled them to stretch their hands imploringly to us, beseeching us to be bountiful saviors of that freedom which we so largely possess. The genuine sympathy which flows out towards the oppressed every where makes us start in response to the call, but the hand of national faith, pointing to grave treaties, sealed by plighted honor, beckons us back to the seat of inaction.

Quite an excitement has been caused in our borough, says the *Easton Argus*, during the past week in consequence of an occurrence that took place between the Methodist minister residing here and one of our young attorneys. It seems that the minister some three or four weeks ago united in matrimony the sister of the lawyer, a lady of fine personal appearance though rather too young to assume the care of wedded life, contrary to the wishes of her parents, to a New York news boy who has been delivering papers here since the opening of the Railroad. The parents of the lady did not believe for some time that they were married, but finally consented to the marriage to ensure. The marriage certificate having been shown to him he acknowledged it to be his and admitted having performed the ceremony. On Saturday evening his brother called on the minister, and invited him in a courteous manner to take a walk with him, saying that he wished to have some private conversation with him. The minister consented, and after they had walked three or four squares, reports, the attorney pulled a cow hide from under his coat and began applying it to the back of his clerical friend, who ran and retreated into a store. There the matter ended. It is regretted that such things should occur in an intelligent community. An attempt to raw ride a man is contrary to law and therefore wrong. It cannot be justified. But it is also a matter of regret that some ministers do not exercise more judgment and discretion in performing the marriage ceremony. In this instance both parties were under eighteen years of age, and the minister to whom they applied should not only have declined their request but he should at once have made it known to the girl's parents. As the matter may not end here, we decline saying more about it at this time.

IMPORTANT FROM MEXICO.—By an arrival at New Orleans on Wednesday we have advices from Vera Cruz to the 23d ult. A telegraphic dispatch, received on that day from the city of Mexico, states that Santa Anna had been officially announced as President of the Republic of Mexico.

On the 21st, Judge Conkling, the American Minister, and Senors Torral, Castillo and Lauras, had signed a treaty between Mexico and United States, guaranteeing neutrality and protection to Col. Slocum to transit over the Tehuantepec route, and giving entire security for the capital invested in the undertaking. The treaty was ratified on the same day by the Supreme Executive of Mexico.

SNOW A HUNDRED FEET DEEP.—The St. Louis Intelligencer publishes a letter from an overland emigrant to California, who gives a fearful account of a tremendous snow storm in the mountains near Carson valley. On what is called the Second Summit, the writer says, he caught hold of the tops of pine trees, and was confident they were 100 feet in height. This is an item that should have a bearing upon the question of a railroad to the Pacific through the South Pass. Rail buried in snow a hundred feet deep, would stand little chance of removal by any scraper yet invented.

Mr. Webster, widow of the late Daniel Webster is still sojourning in New York.

FROM HARRISBURG.

The resolution naming the 19th inst., as the day for the final adjournment of the Legislature, has passed both Houses.

In the Senate, on the 6th, the resolutions to submit the question of a prohibitory liquor law to a vote of the people, having been re-considered, and again come up on final reading, and passed by the following vote:

Yeas.—Messrs. Carlisle, Darst, Evans, Forsyth, Frick, Hamilton, Byron D. Hamlin, M'Farland, M'Murtre, Quiggle, Robertson, Sanderson, Skinner, Slicer.—18.

Nays.—Messrs. Baily, Backelaw, Darlington, Fry, Goodwin, Haldeman, Hiestor, Kinzer, Myers, M'Caslin, O'Neill, Sagor, Carson, Speaker.—13.

In the House, on the 6th, Mr. Henderson presented five petitions, namely signed by voters of Cumberland county, relative to the prohibitory liquor law; also, one from ladies of West Pennsboro' township, and one of ladies of Newville, praying for a prohibitory liquor law; also, petition of citizens of Silver Spring township, relative to Trindle Spring, in said township; also, one from citizens of Cumberland county, for a railroad from Dillsburg to Bridgeport, Cumberland county; also, a petition for, and remonstrance against, any change in the place of holding elections in Lower Allen township, Cumberland county.

The Appropriation bill has passed the House. The whole amount appropriated by the bill is over \$5,000,000! This is outrageous. Should the bill pass we hope to see the Governor exercise the "one man power," and veto it.

A bill regulating the salaries of Associate Judges of the Commonwealth, (except in the city and county of Philadelphia) has passed the House of Representatives. Its provisions are as follows: For those whose attendance does not exceed four weeks in each and every year, the salary shall be one hundred and twenty dollars; for those whose attendance exceeds four weeks and does not amount to eight weeks, one hundred and forty dollars; for those whose attendance exceeds eight and does not amount to twelve weeks, one hundred and sixty dollars; for those whose attendance exceeds twelve weeks, two hundred dollars. It is also made the duty of the President Judge of each District at the close of the year, to certify to the Auditor General under hand and seal the number of weeks each Associate has been necessarily engaged in holding court during that year.

The Senate's postage bill for the month of March amounted to the enormous sum of \$1,570 G! The House has appropriated \$30,000 towards the establishment of a State School for idiotic children. The bill has also passed the Senate.

The Senate has repealed the Registration Law of the last session, by a vote of 19 to 7. Its repeal was advocated on the ground that the law was useless and expensive, and could not be enforced.

The Governor has signed the bill chartering the Erie Bank.

The bill to extend the jurisdiction of Aldermen and Justices of the Peace in criminal cases, with the aid of a jury of six persons, was taken up on second reading, and after debate, postponed for one week. The bill creating a new Judicial District out of the counties of Centre and Clearfield, which passed the Senate last week, passed finally.

Brilliant Triumph in Connecticut.

The Democracy of Connecticut have achieved a splendid victory over the Whig party of that State. Seymour is not only re-elected Governor, but goes in with a greatly increased majority—besides having secured a full Democratic delegation in the next Congress. The Pennsylvanian says:

"Connecticut now occupies a proud and enviable position in the ranks of the reliable Democratic States, and to no one is the more indebted for it than the fighting Goliath of her valor is returned, coming back to the seat he adorned with new honors, and endorsed by additional numbers of his party. Hon. O. S. Seymour, an able and efficient member of the last Congress, thoroughly versed in parliamentary law, and a devoted supporter of the Democracy, is also re-elected. Hon. Jas. T. Pratt and Hon. Nathan Bolcher, the other two gentlemen, are new members, but not unknown to fame in the Democratic party. We have done well in the contest, and we have done better than our neighbors, and every letter received by us during the recent canvass, was eloquent in the praise of both. The triumph achieved by the Connecticut Democracy challenges the admiration of Pennsylvania, and is worthy of all praise."

Minister to England.

The President has tendered Hon. James Buchanan as the appointment of Envoy Extraordinary and Minister Plenipotentiary to the court of St. James.

Mr. B. is now at Washington City, on invitation of the President, but we have not learned whether he will accept of the office. From the flattering manner in which the mission was tendered, it is not probable that he will decline it. He is a devoted supporter of the Democracy, and the earnestness of the request on the part of the President, we think it probable that he may forego his determination to remain in retirement, and accept of the office. He is a man of high standing abroad whose actions will be in strict accordance with the republican simplicity of our institutions at home, and who will never, in word or in deed, bring disgrace or reproach upon his country.—*Lancaster Intelligencer.*

World's Fair at New York.—The following interesting announcement is made in an English paper:

"His Royal Highness Prince Albert is among the contributors of works of art to the industrial exhibition to be held at New York on the 23d of May next. The portraits of his Majesty himself, Prince Arthur, and of the late Duke of Wellington forming the pictures painted by Winterhalter, his contribution. The Baron Mercurio has completed a colossal quantity of statuettes for the exhibition. Mr. Caray has executed a colossal statue of Daniel Webster, for the same place. It represents the American Statesman in the act of addressing the Senate. The State of Missouri has appropriated \$4,000 for its proper representation at the opening of the exhibition, and Congress, on the 26th of February last voted \$20,000 to defray the expenses of the Turkish steam frigate directed her visit to the New York World's Fair."

A letter from Havana describes a religious procession in that city:

"First," says the writer, "came four negroes, playing the violon, vase, viol, lute and flageolet, tolling their eyes and grinning, as if it were a supreme joke. Then boys and men, carrying candles, and showing everybody aside.

"Then a band of young boys in white, with cowls thrown back, carelessly swinging a huge, conical, and glancing upwards, from side to side, on the balconies all of fat Habanos, as he lounged along. Then four men, carrying a white canopy, in front of which paraded a boy in white, and a priest in white and gold, bearing the shining Host, and followed by another priest presiding in a gold-embroidered yellow robe. Then 'the army of negroes,' black, white and yellow. An omnibus got in their way. Livid with rage, the vanguard men, more incensed than ever I saw monk before, rushed up, swore at the driver, stopped the horses, and turned out the passengers. The driver, a good looking Spaniard, shrugged his shoulders, humbly gave up, except a gray-headed American, a spectacle, who fought the priest through the window, and was only dislodged by the joint and furious swearing of the holy man and five or six soldiers who came to his aid."

CORRESPONDENCE OF THE VOLUNTEER.

FROM WASHINGTON.

WASHINGTON, April 11, 1863.

Mr. Editor.—The post of Solicitor to the Treasury Department has been filled by the appointment of Judge Le Grand, of Maryland. No doubt that Mr. Le Grand is a man of high standing in the community of your district, would have been a selection that would have given more general satisfaction to the Democratic party. However, the President has decided the subject differently, and his decision is not his or that man's.

We are satisfied, therefore, with the selection made for that important position in the Treasury Department.

Dr. Bronson, an old favorite of the democracy of your State to Philadelphia, to take care of the Public Money there collected. Dr. S. will be faithful there, as he ever has been elsewhere, in the many important stations he has filled under the city on Saturday, and may be here to-day, but I have not seen him. His visit is to decide upon the offer of the mission to London; at least, such is the conjecture of our friends. It is a fair inference to presume that he will accept of that important position in Europe, in those ominous times of the murmuring of the distant thunder of oppression, in chains more galling than ever, to the down trodden and the distressed sons and daughters of this favored land. We are in the opinion, that he will govern well, and we are in the opinion, that he will represent his country abroad, as well as in the days of the patriot cause, when and where no combination of European potentates will be ventured to interfere with his freedom of action, and his constant on the "omnibus seat" of the world.

You will see from the papers, that Judge J. C. Bronson, of N. Y. has been appointed Collector of New York city, vice D. S. Dickinson, deceased. Some sections of the Democracy are in the opinion, that the Democratic party from this circumstance. No fear of that, in my opinion, Mr. Editor. All things will work well, even if New York is out of joint for a season. The world was not made in a day; neither is the machinery of the Government that will be pleasing to "all men." But he can, and has done his duty so far, and so long as the democratic party is satisfied with the action of the President, croakers may save themselves trouble in speculating on the course of this or that man.

The Senate had determined on adjournment this day at 1 P. M., but I understand that the members have been summoned by the proper authority to continue in session.
