THE REDELLION IN CUINA .- A correspondent of the ty.

A few years ago, in the interior of Alshama, there lived a blackamith who used to whip every Metho-dist preacher who was sent upon the circuit. At last the spirit inspired by him was dif-ficult to get a preacher who was willing to go on that circuit. The conference, however, sent their large double field man, whom the name of the black-smith could not terrify. It was not long after he weat there before, in order to fill an appointment, he was obliged to pass the shop, ho was singing in a loud voice— "fun on my way to Cansan."
