· CLÉMENS' LETTER.

For some days past, a good deal has been said in the public prints, about a lettle written by Jers. Clemens, of Alabama, to certain citizens of Philadelphia. The letter finds its way to the public eye through the columns of the Washington Star. It will be found below. It needs no comment from us.

WASHINGTON, Dec. 15, 1853. GENTLEMEN:—Your letter of the 10th, inviting inc to attend and "address a mass meeting of the National Union Democrats," at the Chinese Museum, Philadelphia, on the 19th instant, has been

The objects of the meeting are stated to be twofold; first, "repudiation of the disunion tendencies of certain members of the Federal Government;" and secondly, "the selection of a sound National Union Democrat, as a candidate for Governor."

Union Democrat, as a candidate for Governor."
With the last, I trust, you will readily perceive I cannot, with any degree of propriety, interfere. I am not a Pennsylvanian and have no voice in the selection of her public officers. I should be loath, at any time, to give utterance to unkind opinions of any of her distinguished sons; and in the case of Gov. Bigler, I know nothing in his previous history which can justly deprive him of the confidence of the Union Democracy.

The first object of the meeting alone remains to

The first, object of the meeting alone remains to be considered. I need not say that all my feelings and sympathies are with those who have steadily maintained the compromise of 50, as a final adjustment of the slavery question. But you must allow me, kindly and respectfully, to dowthe the wisdom of the course you propose to take.—
The President in his Inaugural, and in his recent Message, has left no doubt as to his position; and I know the man too well to believe that he would retain among his confidential advisers, any one whom he for a moment suspected of "disunion tendencies." That he has made mistakes in some of his appointments, I do not question. That he tendencies." That he has made mistakes in some of his appointments, I do not question. That he has been imposed upon in other cases, is very probable. Such things have occurred to all Presidents before him, and will occur to all who are to come after him. But warfare against a National Administration for such causea, has heretofore been considered the legitimate business of its opponent—not its friends. What has been domicannot be remedied by Democratic assaults upon a Democratic President.

The recent election in New York is a bitter lesson, and one by which we should endeavor to profit. With a large majority in the State, both sec.

son, and one by which we should endeavor to profit. With a large majority in the State, both sections of the Democratio party have been prostrated, and the control of the State has passed into the hands of William II. Seward. Surely his is not an entertainment to which any National Union man would desire to be invited. All with me, gentlemen, in conclusion, to say that I love the Union cause too well, and have sacrificed too much in its defence, to willingly put it in jeopardy by associating it with a movement, of more than doubtful propriety, and of certain disaster. And while I thank you for the kind feelings which prompted your invitation, as well as the flattering terms in which it is couched, I feel contstrained to decline all participation with you on the occasion referred to.

I am, gentlemen, very respectfully, your obe-
