THE MARRIAGE STATE;

Shall Happiness and Health, or Misery and Sickness, attend it?

MOST STARTLING CONSIDERATIONS!

Reflections for the Thoughtful.

Strange that countless human beings exist and drag through life as do the beasts of the field, or the insects of the earth, evincing no more thought or reflection than though the noble faculties of mind were not vouchsafed to them.

Many such are husbands and fathers, upon whom are dependent the health, the well-being, and the happiness of a confiding and affectionate wife, with perhaps a family of children.

HOW OFTEN IT HAPPENS THAT THE

WIFE LINGERS FROM YEAR TO YEAR

In that pitiable condition as not even for one day to feel the happy and exhilerating influence incident to the enjoyment of health.

She may not be an invalid confined to her bed, or even to her room; as her pride, ambition and energy induce and nerve her to take personal charge of her household, even when her health will not admit of it; but she is nevertheless perceptibly sinking from day to day, and always ailing.

Thus, day after day, and month after month transpire. Her health daily sinks, till finally even the hope of recovery no longer remains. And thus

THE BLOOMING BRIDE,

But a few years ago in the flush of health and youth, and buoyancy of spirits, rapidly, and apparently inexplicably, becomes a feeble, sickly, debilitated wife, with frame emaciated, nerves unstrung, spirits depressed, countenance bearing the impress of suffering, and an utter physical and mental prostration.

Sometimes this deplorable change may and does arise from organic or constitutional causes. But oftener, by far oftener, to gross and inexcusable ignorance of the simplest and plainest rules of health as connected with the marriage state, the violation of which entails disease, suffering and misery, not only to the wife, but often

Hereditary Complaints upon the Children

"UNTO THE THIRD AND FOURTH GENERATION,"

Transmitting CONSUMPTION, SCROFULA, HYPOCHONDRIA, INSANITY, GOUT, KING'S EVIL, and other diseases, as a

DREADFUL INHERITANCE

from the Parents.

And must this continue? Shall we be wise in all that concerns the cattle of our fields, our horses, our sheep, our cows, our oxen, the nature and character of the soil we possess, the texture and quality of our goods and merchandize; but in all that concerns ourselves as human beings, with human functions and passions, subject to great derangement, involving our future peace and happiness—in all that concerns the health and welfare of the wife of our affections, and the mother of our children; in all that concerns the mental and physical well being of those children, we should be immersed in the darkest and most

BENIGHTED IGNORANCE,

AS CULPABLE AS INEXCUSABLE!

How long shall this ignorance prevail so productive of its bitter fruits? How long shall the wife and mother be ignorant of the nature, character and causes of the various womb and sexual complaints, embittering her days by suffering—suffering often prolonged to years, eventuating in a complication of diseases utterly and hopelessly incurable? Shall we for ever close our eyes to the results of physiological science by which we may arrive at an understanding of ourselves as men and women, subject to serious life-long enduring diseases, and perpetuating them to our children.

LET EVERY WIFE AND HUSBAND PONDER

No husband or wife need be ignorant of what concerns them most to know to secure their health and happiness. That knowledge is contained in a little work entitled

SURPRISING OR WONDERFUL,

should have been sold. It is impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married, or those contemplating marriage.

The Art that baffles time's tyrannic claim to quench it.

How sweet it is in after days, when memories on memories arise, and dreams of bygone times, and long forgotten things come softly to the heart. How sweet we say it is to gaze upon the likeness of some dear friend, with whom we once associated, whether far away, sailing upon the broad ocean, strolling over the prairies of the far west, wandering in strange lands, across the blue waters, or sleeping beneath the cold clods of earth, or the roaming wave. How pleasant the thought, that the art divine can give us the perfect resemblance of the absent and the loved, till we can almost imagine it is reality, that life and animation alone are wanting, for often as we gaze upon a good picture, the eyes seem to sparkle with brilliancy, and the lips appear as if about to speak.

A Daguerreotype is far more preferable to a painting, simply because it is far more correct and more convenient: the form stands out as it were from the plate, and gives every expression of the face as it was in the original. The Daguerreotype is without doubt one of the greatest inventions of the nineteenth century, and its benefit to man incalculable. Though simple in its operation, yet the human mind cannot comprehend exactly its strange mysteries: its shadow is caught upon the plate as if by magic, and we can only wonder that it is so.

Those who have not yet procured these precious mementos, we would advise to call upon our friend A. B. Tunis, at his Gallery in Wyeth's Hall, in Herrisburg, or at his new gallery, in MARION HALL, Carlisle, and our word for it, you will be obligingly entertained, and furnished with likenesses that will please and delight even the most fastidious. He has long occupied an enviable position as a Daguerrean Artist, received a Diploma for his splendid Daguerreotypes at the late State Agricultural Fair, at Harrisburg, and by close application and long experience, has made many experiments in the art, and is ready to compete with any establishment in th country.

Much attention is given to copying deguerreotypes and other pictures. Small pictures can be enlarged to any size. Children of any age taken.

Daguerreotypes inserted in Lockets, Breastpins, finger rings, pencil heads, &c.

Instructions given in the art on the most reasonable terms.

Pictures taken in cloudy as well as in clear weather. A collection of portraits can be seen at the Rooms, which are fair at all times.

Storrs' Chemical Hair Invigorator

ARE YOU BALD! Is your hair falling off! Or is your head covered with Dandruff or Scruff! If so, then make a fair trial of Storrs' Chemical Hair Invigorator. Hundreds of persons in all parts of the country whose heads were entirely bald, have had their hair fully restored to its original perfection by the use of this valuable article.—Read the testimony.

New York, Jan. 1, 1851.

MR. STORRS.—Dear Sir: Mr. Smith, of Newton, L. I., obtained a bottle of your excellent Hair Invigorator for his little girl, about four years old, her head being entirely bald; no hair of any consequence having grown on her head from birth, and surprising as it may appear, after having used but one bottle, a complete head of hair was produced nearly two inches long of a fine healthy growth.

A. DOOLITTLE, M. O. No. 141, Grand St.

PHILADELPHIA, May 10, 1850.

MR. STORRS—Sir: After being bald for a number of years, and having used numerous preparations to no effect, your Chemical Hair Invigorator has produced a fine head of new hair, and I hardly know how to express my gratitude for the benefit I have received from your valuable article.

J. WADSWORTH, No. 10, Orchard st

The following testimony is from Mr. McMakin editor of the "Saturday Courier:"

"STORRS' HAIR INVIGORATOR.—It gives us much pleasure, unsolicited, to record our testimony in favor of the great pleasantness and entire efficacy of Storrs' Chemical Hair Invigorator. On recovering from the recent severe attack of illness, we discovered that our usual healthy and abundant crop of hair was rapidly falling off, and chancing to have on hand a sample of the above article furnished by the manufacturer many months previously, we used but a single bottle, as directed, and found it to operate like a charm, in entirely checking the fall and creating a new and healthy action of the scalp."

We could give many other references to some of our most respectable citizens, but would ask all who are troubled with Dandruff, are bald, or are losing their hair, to give Storrs' Chemical Hair Invigorator a trial, and one trial will do more to convince you of our claims for it than all the testimony of others that we might produce.

CAUTION.—Ask for "Storr's Chemical Hair Invigorator," and never let dealers persuade you to use any other article as a substitute. Price 25 cents a bottle.
