lively chirrap from the other. The compositors soon began to like the music, which resembled soon began to like the music, which issembled somewhat the softer notes of the canary bird, with a prolonged warble at the close, and learned to walk softly about the room, so that the performance should not be interrupted. One night, the serena-dors appeared before them in the shape of two small mice. They were kindly greeted, and con-descended to partake of the crackers and cheese which were offered them. They became on each succeeding night more familiar and more musical, and now every night Opening of Parliament-Great Excitement-Victoria cheered-Albert hissed, &c. Patliament was opened on the 31st uit. The everything had to be done early. It is said by some sceptics that St. Valentine's day is nothing but a col-tinuation of the Roman Lupercalia, which took plate in the middle of the month of February. A moder into action seems to be founded on this view of the matter. On the Lupercalia the Luperci ran about the streets, hitting whomscover they met. Some moderns imitate this old heathen custom, and try to hit with valentines. In our opinion, this is a very

They because on each addreading neutronois familiar and more musical, and now every night "they slt and sing, and cheer the hearts of those who tarry at the cases, or work upon the forms, after the great mass of the city's population are asleop." They seem to delight in watching the

foreman she makes up his form, and become silent only when the lights are put out for the night. The mice are apparently of the common species, their color an ashy brown, inclining, if anything, to a lighter shade than ordinary, with short, plump bodies and delicate limbs.

A SENSIBLE GIRL.—A foreign paper tells a story of two officers, who, both enamored of the same girl, challenged each other to fight. The seconds, howover, persuaded the combatants to settle the matter, by presenting themselves before the lady. in order that she might make her choice. They lid so, and she refused them both ! Corp .- The coldest hour of the twenty-four is

five in the morning, and the warmest is from two to three in the afternoon. The mean heat is from half-past eight to half past nine. The greatest range is in July, and the least in December.

PHILADELPHIA MARKETS.

PHILADELPHIA MARKETS. PHILADELPHIA, MARKETS. Flour and Grain.—In Flour the movement con-tinues small, owing to the firmness of holders, and the only sails we here of is 500 bis. a straight brand, at §8 12h per bbi; §8 25 generally asked and §8 offered for standard branda, without any transaction being made public; the demand for home use is also limited within the range of §8 25 a §8 75 per bbi for good retailing brands and common and lan-cy aztra. Corn Meal and Ryo Flour remain inca The estimates of the year will be laid before you, and I trust you will find their consistency with the exigencies of the public service at this juncture.— They have been framed with due regard to econ-

A debate ensued on the subject of the policy of the government during the progress of the Eastern difficulty. Various members of the government defended their course; but the debate elicited noth ing except that all now await a reply from St. Pe tershure.
