### OUR CANDIDATE FOR CONCRESS.

N . 87 . . . 1979

The entire Democratic press of the State re jSice at the prospect of the election of Mr. Box-HAN to Congress. We might fill several col-umns of our paper with complimentary notices that he has received, but the following will suf- class of professing Christians in this country. fice for the present :

J. ELLIS BONHAM FOR CONGRESS .- This gen on account of their religious belief-who burn land and York Counties, for Congress, and will ho doubt receive the vote of Perry, when the Convention for that County shall meet. A better nomination could not have been made, and we congratulate the Democracy of the dis-trict on the prospect of having one of the most talented democrats in the Commonwealth, as a representative in the popular branchof Cogresor Mr. BONRAM is a sound democrat, and a gen-and we congratulate the Democracy of the dis-trict write, and elequent in debate, and we congratulate the Democracy of the dis-trict on the prospect of having one of the most talented democrats in the Commonwealth, as a representative in the popular branchof Cogresor Mr. BONRAM is a sound democrat, and a gen-and would do-honor, to the choice of his constit uents. He is a favorite with the Democracy of York, having on former occasions, addressed beam Press.

OUR CANDIDATE FOR CONGRESS .- The name of J. ELIS BONTANG, our candidate for Con-gress, (assuming of course, that he will be put formally in nonination by the congressional toutfurces.) should, in itself, be a "tower of Congress-his cloquence, ability, and orthodox democracy, are well known and appreciated by the Democrats of York—and no considerations of a local or personal character should be per-mitted to diminish the force with which that

## Public Schools in Danger.

That the spirit of Know-Nothingism wars sgainst the liberty of consoience, if not against all religion, and is now aiming a terrible blow-at our public school system, is made manifest by transpiring events in Philadelphia. The Ledger says that the facts seem to justify the reports, that an attempt is now being made, and for the first time in the history of our common-wealth openly arowed, to introduce religious tests into our institutions of public instruction. Teachers, who have been declared competent by the proper examiners, and who have moved tests into our institutions of public instruction. Teachers, who have been declared competent by the proper examiners, and who have proved themselves capable by years of experience in the performance of their dutics, have recently had this new and intolerant test applied to them by some of the lately elected Board of Directors : and because they had faith enough in their re-ligion to rest their hopes of future salvation up-on it, they have been deprived of their present uncans of supporting themselves honesity and decently by their profession. Fifteen or sixteen teachers have been turned out of the public schools of the First and Second Wardis because of their religious belief, though worsliping only in a different form, the same living God the Di-rectors do-if the latter worship at all.—Potts-ville Emporium. ville Emporium.

Pine Emporium. Pine-Examption Richtrs in KARSAS AND NE-massic A-Altorney-General Cushing, in a long opinion upon pre-emption rights in Kansas and Nebraska, says : The act of Cougress gives pre-omption only in such of those lands ceded as are not required first to be offered at pub-lic sale; that the lands ceded by the Delawares, Ioways, and Weas, under condition of being first offered at public sale are no more opened to pre-emption by the act of Congress, than was the military reservation at Fort Leaven-worth; that those lands cannot be taken up by settlers under claim of pre-emption; and that all claims of pre-emption will be void in law, and will confer no right on which to demand be issue of a patest from the Commissioner of Public lands. It will be the duty of the Fresi-dent, he says, to maintain the plighted faith of he Government in this matter.—Philadelphia Ledger.

C. The Whig party in Lancaster county is hopelessly split in twain by the contentions of rival factions, and the defeat of the regular ticket is confidently for distance of the regular Whig, and leader of the Thad. Stevens wing of the party, (who advised Judge Pollock to with-draw, not long since,) gives the ticket a "sock-dolager" niter the following fashion: "The Whig ticket has perhaps more good men on it than has been usual since the unprin-cipled Hiester. faction has purchased the con-trol of the party with run and moniey. But we suspect there are still enough bad and incompe-tent men on it to sink it." In addition to this hold avowel of opposition.

As We Predicted. Know-Nothidgism, not content with drirect-ing its batteries against the Roman Catholics,

This does not astound us in the least. The men who could and do persecute the Catholics on account of their religious belief-who burn

I down their churches, and maltreat them when-denote an opportunity presents itself-and who endeavor to deprive them of the rights of con-science, would scrupie but little to wage war against any of the other religious denominations if for the same reason.
We are no believer in, nor are wo a defender of, the *trents* of Roman Catholicism-far from time-but we are of their *rights* as a religious de-nomination. We oppose an encreachment upon b, their privileges as such, just as we would op-to pose an infringement upon the Constitutional rights of Presbyterians, Methodists, Lutherians, Baptists, or any of the other numerous Protes-tant denominations. This is the position we have assumed-and if the encnies of religious freedom think proper to attack other sects, we are here to defend them in their rights, and to twird off the blows that may be aimed at them by the marshalled forces of Infidelity.
