Cinonnari, Aug. 28.—We learn by a boat just arrived from Louisville, that a destructive tornado swept over that city vesterday after to food, accomplanied by an awful destruction of life and an immense destruction of property. The congregation of the Fourth Presbyterian thurch were at the time of the storm attending bevice. CINCINNATI, Aug. 28.—The Louisville papers of this morning contain full particulars of yesterday's tornado. The Democrat describes it as one of the most violent storms that ever twent over that section of country.

The Third Presbyterian church, on the corner of Eleventh and Walnut streets, was completely wrecked, and the thire building fell in, including the roof, rathers, and brick walls, crushing twenty of the congregation to instant it cath, and wounding seriously ten or twenty littlers. The scene was truly heart rending.—Soon a large crowd assembled, and began their bearch for the victims. A mother and her three children were grouped in death. Another scene presented a father, mother and babe—the father dead, and the mother mortally wounded, while the little child placed beneath them remained unhurt, being protected by the forms of its parents. In other instances, some of the victims were found terribly wounded and mainted.

The catastrophe has stricken consternation into the very heart of the city, and its people are appalled beyond belief.

By the Europa, at Halifax, on Wednesday, we have foreign advices to the 19th ult., being more week lator! The allies, it appears, have at length commenced operations. On the 7th and 6th, the French expeditionary force was landed on the island of Aliand, and, at the same time, the English and French marines landed south of the fortress. On the 12th the fortress was invested; on the 14th the Russians made a gortie, without success; on the 15th the French carried a redoubt of 8 guns, and on the 16th Bomarund surrendered, with 2000 Russians as prisoners. The Anglo-French force consisted of 12,000 mm, supported by the fleet. A despatch from Paris, of the 18th, states that orders have been issued for the Austrians to enter Wellachia, and that they have commenced crossing the frontier. On the Danube the Russians bontiums to tortify, all strategatic points. Tha British troops in camp have been decimated by the cholera. The explicition to Grinca was deferred for that reason, but noverfleless therewers reports of the bombardment of Anipa, and the landing of troops at Balaklawa. The Steamship Washington arrived at New York on Thuraday from Liverpool, but her advices have been anticipated by the arrival of the Halifax steamer. We have, however, much interesting intelligence.
