PROMINITORY LIQUOB LAW .--- The Probibitory uor Law question, voted on at the late elce defeated by a very large major ion, has b ty in the State, some 20,000, it is. supposed.-The cities and towns, generally speaking, voted in his favor. The intolerant Know-Nothings, n favor of prohibition, while the agricultural districts gave large majorities against it.

All the vials of Federal malignity ap- crutic tickets with the exception of Mr. Bon peared to be poured upon the head of Mr. BON-ham's name, were plenty and freely circulated, foreigners or Catholics holding; office, and in gain, during the late political contest, and for and meny illiterate but well meaning Democrats favor of the views of the "respectable crowd o ion than because he is a true, able were thus imposed on, thinking all the while The Bogus Democrata hate him with equal under the lead of priests of far less character ad standing for picty and learning-clerical demagogues, such as disgraced their country wthree occasions in our political history. This base persecution of Mr. BONHAM ha als indeared him the more to the Democracy of Pennsylvania, who recognize in him a man with all the essential qualities for a great leader, and will, ere long, elevate him to the Guberna-

torial chair of the Commonwealth. The persecution of Fellerson made him the more beloved, and the slanders on Mr. Jefferson by clerical fanatics of his day, were very similar to those now hurled at the head of Mr. BONHAM. A These frauds were perpetrated all over the coun day of retribution will surely come.

The Democracy of this State will, before Democratic officers of the election. If there was a Whig Judge and one Whig Inspector, the many months roll round, curse the miserable agogues and traitors who have deceived demagogues and traitors who have deceived Know-Nothings had generally managed to see them at the late election, and induced them to cure to their base designs the other Inspector forsake that tried friend of the people, WILLIAM and thus had the management of the election Bronzes.
