DEATH OF MR. BONHAM. The many friends of J. ELLIS BONHAM, Esq., will learn, with deep regret, that "he has been gathered to his fathers." He died at his lodgings in this borough, on Monday evening last after a short but severe illness. By his death our town has lost a most estimable citizen, the Bar one of its most distinguished members. It s indeed melaheboly to contemplate death un der any circumstances, but when we see the destroyer select as his victim the young and the gifted, how doubly impressive is the lesson that the event brings home to the licart ? .

For Justice of the Balance against Americans, two thousand three hundred and iwenty-nine! Such are the actual figures, when the inves-tigation embraces all the officers, and is not confined to heads of bureaus and departments. If Americans wish to know the "machhiery" that was brought to bear on the last Presiden-tial election, they will find it in the foregoing, which is the legitimatic result of the Roman Catholic vote given to President Pierce at that time. That was a deep game, and it will be a long time before another "will be played like it." Balance against Americans, two thousand three hundred and twenty-nine! Peace, those that voted, nearly all gave their support to KESPERS, (old line Whig.) and elected him over SMITH, the Know-Nothing ominee. In the West ward the K.
