Valuable Slate Farm at Public Sale.

On Saturday, June 9th, 1855.

THE subscriber having determined to change his location, will sell his Farm at public sale on reasonable terms. It is situated in Frankford township, Cumberland county, nine miles north-west of Carlisle, one mile north of Frain's mill, and a quarter of a mile east of Bloserville. The farm contains

129 ACRES,

and 120 Perches, strict measure; about 20 acres of which are covered with valuable timber, and the residue cleared, of which a large portion is meadow or bottom land. The improvements are a good substantial LOG HOUSE, LOG BARN, and all other necessary out-buildings. The farm is under good fence, and there is a fine young Orchard of good fruit. There is an unfailing well of good water near the house, running water on the farm, and a never failing spring of good Sulphur water adjoining this farm and but a short distance from the house. This farm is susceptible at ordinary expense of great improvement by means of liming, for lime can be purchased cheap at a distance of only two or three miles, and as the farm has a desirably even surface which effectually prevents washing, it may be lined permanently and profitably. It is also a well known fact, that slate land by reason of its cheapness and moderate taxes, pays much better than limestone land considering the extravagant prices and oppressive taxes of the latter. The subscriber having resolved to change his location and engage in his profession, for which reason the said property will absolutely be sold. The right and title to this property is perfectly good. For further information enquire of the subscriber and proprietor who resides in Carlisle. Those who wish to see said farm prior to the sale can do so by calling upon his tenant, Henry Smith, who lives upon the farm. The terms of sale will be easy. Sale to commence at 1 o'clock, P. M., when attendance will be given and terms made known by

MR. DAVID SIPE, of Carlisle, has been appointed Agent for the county of Cumberland, for the sale of FISK'S PATENT METALLIC BURIAL CASE, which is superior to any of the kind now in use, for ordinary interments and transporting the dead. It prevents immediate decomposition and obviates the necessity of hasty burials; for, being perfectly air-tight, it prevents any unpleasant odor from escaping and can be kept from day to day, until it suits the convenience of the friends of the deceased to inter. We might offer hundreds of certificates in corroboration of these facts, but the following will suffice:

Certificates from Clay, Webster and others.

WASHINGTON, April 5th.

GENTLEMEN—We witnessed the utility of your ornamental "Metallic Patent Burial Case," used to convey the remains of the late Hon. John C. Calhoun to the Congressional Cemetery, which impressed us with the belief that it is the best article known to us for transporting the dead to their final resting place. With respect we subscribe ourselves. Yours, &c.

DANIEL WEBSTER,	D. S. DICKINSON,
JEFF. DAVIS,	W. R. KING,

W. P. MANGUM,	D. R. ATCHISSON.

The above described Burial Cases can, at all times, be obtained of the subscriber, at his Ware-rooms nearly opposite the Bank, North Hanover street, Carlisle.

Carlisle, May 10, 1855.

Land for Sale or Barter.

I WILL sell or barter, a tract of land, in Monroe township, Bedford county, Pa., containing *Six Hundred and Sixty-five Acres.* It is situated 3 miles from the town of Clearville, 10 miles south of Bloody-run, and 18 north of Hancock, Md., the latter place situate on the Chesapeake and Ohio Canal, and contiguous to the Baltimore and Ohio Railroad, affording at all times an excellent market for lumber, produce, &c., and furnishing supplies of plaster, salt and groceries, at very little above city prices. About two hundred acres of this tract is cleared, fifteen of which are meadow, the balance in a tolerable state of cultivation. The soil is of medium quality, part slate and part red slate, flint, &c.

The improvements are a good two-story Log House and Kitchen, Log Barn, and a good Saw Mill. This property would divide very well into three farms, giving to each a portion of cleared land, with a good spring in a suitable place for building; or it would altogether make an extensive stock farm, for which it is well adapted, being well watered and having a large quantity of meadow land yet to clear. The terms will be made easy for the purchaser.

Arrival of Dr. C. H. Bodge,

CHRONO. THERMAL PHYSICIAN and SURGEON, from New York.

Nervous trembling among the "Quacks" for the safety of their "Sugar Powders" and "Calomel." Humbuggery exposed and destroyed. New System of medicine introduced.

Dr. C. H. BODGE, offers his services to the inhabitants of Carlisle and the surrounding country, and flatters himself that he can perform cures by his system where all others have failed. He has taken the office in South Hanover Street, formerly occupied by Dr. J. K. Smith. He will at all times be found in his office, unless professionally engaged.—Every disease of the Eye and Ear cured by a new mechanical apparatus. Blood Suckers and Bone Destroyers, Barometer makers of the human constitution, take notice that one man can chase a thousand "Quacks," and two put ten thousand fools to flight, who willingly use mineral poison to cure the sick, or pretend to give health to the poor afflicted soul and body.

P. S. Patients can be accommodated with good board and scientific medical and surgical attendance at Dr. C. H. Bodge's Chrono. Thermal medical and surgical Institute, located in South Hanover street, Carlisle, Pa. For further particulars enquire at the Institute.
