mance, which provided for the government of the territory nor-liwest of the river. One and for its excitual sub division into new States, was adopted in the Congress of the confederation it is not to be supposed that the question of future relative power as between the States which retained and those which did not retain a numerous colored population, escaped notice or talled to be considered. And yet the concession of that vast territory to the interests and opinious of the northern States, a territory now the seat of five among the largest members of the Union was in great measure, the act of the State of Virginia and of the South.

When Louisiana was negated by the United States at was an adjustion not less to the North than to the South, for while it was important to the country at the month of the river of Mississiph to become the emportuni of the country above it so also it was even more maportant to the whole Union to have that emporium; and although the new province, by reason of its imperfect settlement, was imainly regarded as on the Golf of Mexico, yet, in fact the extended to the opposite boundaries of the United States with far greater breadth above than below, and was in territory, as in every thing else, equally at least an accession to the northern States. It is mere defision and provided states with far greater breadth above than below, and was in territory, as in every thing else, equally at least an accession to the northern States. It is mere defision and provided states with far greater breadth above than below, and was in territory, as in every thing else, equally at least an accession to the northern States. It is mere defision and provided states with far greater breadth above than below, and was in territory, as in every thing else, equally at least an accession to the northern States. It is mere defision and provided states with far greater breadth above than below, and was in territory, as in every thing else, equally at least an accession to the form the first of the form the first o gardid as on the Golf of Mexico, yet, in fact it extended to the opposite boundaries of the United States with far greater breadth above than below, and was in territory, as in everyting else, equally at least an accession to the nothern States. It is mere delition and prejudice, therefore, to speak of Louisiana as acquisition in the special interest of the South. The patrio is and just men who participated in that act were influenced by motives far above all sectional jealousies. It was in truth the great event, which by completing for us the possession of the valley of the Mississippi, with commercial access to the Golf of Mexico imparticle unity and strength to the whole components.

imparted unity and strength to the whole confederation, and actached together by indissoluble ties the East and the West, as well as the

on not only of the rights strong ed by the treaty of Louisana, but of the prince, its of equality among the Staces goal and of by the consecution. It was received by the northern States with angry and recorded coordination and complaint because it did not concede all which they had a verifiely neumanded. Having passed the ug i the forms of legislation, it took its place to the samute book standard.

danger to the durability of the Union.
