This excess is attributed partly to the increase in compensation to Postmasters and Clerks of Office, and partly to the mercase of expenditures for transportation owing to the great extension of Railroad service. Inauguration of Gov. Wise. Inaugaration of Got. Wise.

Between the hours of eleven and twelve o'lock the touernor elect Henry A Wise, Esq.,
repaired to the office of the Secretary of the
Commonwealth, where he tack the various oaths
of office, prescribed by law before Judge Meredith, of the Circuit Court of this city. He then,
by letter, announced the facts to the two Houses of the General Assembly.

At twelve o'clock the Lieutenant-Governor
also the pressuling officer of the Senate, and called that body to order. After prayer by the
Rev. Mr. Woodbridge, the Lieutenant-Governor arose and delivered a chaste, cloquent and

matter conveyed at low rates. The Postmester General thinks that the reduction of fitty per cent, for advance payment on new sequencial without justification. He also be commended that pre-payment by stamps be made compulsory on all kind of matter. The expenditure of the Department for 1856 is set in the same year \$9,010,873, leaving a deficiency of \$1,188 151 to be provided for.

Reference is again made to the fact that the Collins line of stemmers receives from Government 2858,000 for twenty-six trips, while the British Government pand the Cunvaldine \$866.

Messures have been recently taken to lay be for the Mexican Government proposals on the subject of a Postal Convention. The reportal fluids at some length to the last Report of the Postmaster-General of Great Britain and concludes by deprecating the demonstation of the Department for mistakes, carelessness or usglect, instead of advising it of the wrong countries.
