Who WANTS A FARM?—We would direct the attention of capitalists to the number of farms offered for sale in our advertising columns.

LENN BURNT.—The barn with the adjoining buildings, belonging to Mr. Thomas Cassens, of Silver Spring township, at the Stone Ridge, was consumed by fire on Monday evening last.

SUPERIOR CATTLE.—We notice the arrival at Newville, of sixteen imported cows, heifers, &c. These were brought from Kentucky, &c.

BUCHANAN CLUB No. 1.—The meeting of the Buchanan Club No. 1, of Carlisle, on Saturday evening, was very large and enthusiastic.

NORTH MIDDLETOWN ANNOUCEMENT.—Our friends in North Middletown township are aware of the importance of the present contest.

"BORDER RAFFIANISM TRIUMPHANT."

The American of last week, in announcing the passage by Congress of the Army Appropriation Bill, uses the above quotation as the caption of its article. It is quite evident that the Black Republicans are sorely grieved because of the passage of this bill.

It ruins their plans and calculations, and scatters to the winds their cherished dream of a partition against the country. Had they been able to prevent the passage of the Army Bill, fifteen millions of dollars would have remained in the vaults of the Treasury, and the Union would have disbanded.

Our whole frontier settlements would have been left to the mercy of Indian barbarity, and bloodshed and rebellion would have been the order of the day in all our territories. This is just what the Black Republicans wanted.

They hoped that by compelling the Government to withdraw the troops stationed in Kansas, that the fanatic aspirants who have been making all the noise and clamor about the work of cutting each other's throats in good earnest, and thus bring the administration and the Democratic party into disrepute, and add to the political capital of John C. Fremont.

But their game has been blocked, and the people, we predict, will still farther set their seal of condemnation upon those members of Congress who voted against this bill, if they happen to be candidates for re-election.

But, our neighbors of the American and the Herald, would deceive their readers, and excuse Mr. Tom's vote against the Army Bill, because, as they falsely assert, the President will use the United States troops to enforce the law.

They say these laws are "infamous, and unworthy of the age, and should not be enforced." So they are, and the Democratic United States Senate, by a bill adopted in that body a few weeks since, repealed and did away with all those "infamous laws," about which the Black Republicans prate so much.

The bill was sent to the House, and was defeated by the vote of the Black Republican members. Mr. Tom being among the number! Keep it before the people, THAT THE BLACK REPUBLICANS IN CONGRESS REFUSED TO ALLOW THE HONORABLE TERRITORIAL LAWS OF KANSAS TO BE REPEALED.

THEY FURNISH THEM WITH THE ONLY ELECTIONEERING POLITICAL CAPITAL THEY HAVE.

"HE IS AN ORIGINAL UNION SAVER."

The American, in speaking of the speech delivered by J. M. DOWLER SHAW, Esq., before the Democrats of this county, at their meeting in this borough, on the 25th ult., energetically remarks that Mr. S. "is an original Union saver."

Heretofore, the man who announced himself a warm supporter of the constitution, and in favor of preserving the Union, and who acted as a good and patriotic citizen; not so now, when Black Republicanism is attempting to sow the seeds of strife and contention in all parts of our country.

To be a "Union savor" in these days of treason and rebellion, is synonymous with dishonor, in the eyes of the Black Republicans, and he declares himself in favor of this position! How old John Bull, our ancient enemy across the water, will chuckle when he reads from an American newspaper that an American citizen dare not announce himself in favor of his country without being taunted and scoffed at.

Our opponents will find out before long, we predict, that our country abounds with "Upon saviors" with true patriots, who if, occasionally, will be found as ready to defend their country against the sinister designs of both foreign and domestic traitors, as were their forefathers.

Yes, Messrs. disunionists, you will find that every county, town, and township and hamlet will be alive with "Union saviors" when the day of the election arrives—the day when this question of Union or disunion is to be decided at the ballot-box.

On that day a free people will declare, in thunder-tones, their attachment to the Union and the Constitution, and their abhorrence of those men who support a sectional candidate, and who were willing to disband the American army, in the hope that their treason would go unpunished.

The "Union saviors" will be about on that day, ready to meet and defeat the Union destroyers. INFAMOUS DESTRUCTION.—A beautiful headstone, which had been placed upon one of the graves in the public burial ground, has recently been broken in two by some wanton and ruthless despoiler.

The stone was a large and new one, and its destruction could only have been the act of sheer wickedness. When filial piety erects such monuments to the memory of their deceased kindred, the vandal who would rear or injure them is worse than an infidel—for the heathen savages respect and revere the resting places of the dead.

We hope the author of this vile outrage may be discovered and brought to condign punishment.

Sympathy of James Buchanan for the Workers.

In looking over an old file of the Army and Navy Chronicle, says the Boston Daily Times, we came across the following letter, written by Mr. Buchanan, then a United States Senator, from Pennsylvania, to the Hon. Malion Dickerson, then Secretary of the Navy.

Malion Dickerson, then Secretary of the Navy, although written nearly 20 years ago, is an analysis of the many evidences of the sympathy of James Buchanan for the laboring classes.

We can find no record of feeling of the colored man, Mr. B.'s want of feeling of the colored man, whom some of our rampart Black Republicans are wont to call "men and brethren," nor can we find anything which would go to show that Mr. Buchanan in his presidential benevolence, gave preference to the negro over the men of his own color and blood.

A Constitutional Democrat and a friend of the Union, he looks upon the South as equal with the North, and he will sustain the rights of each under the Constitution. As a statesman, he regards this as a government of white men, not as a government of colored men.

As a philanthropist, he feels that the condition of the three millions of blacks in our Southern States is incomparably better, in being well fed, well housed, well clothed and well cared for, in every moral and physical detail, than any other three millions of negroes that ever had existed in any part of the world.

But read the letter of Mr. Buchanan, and the white laborers and mechanics of the North will perceive that his feelings are not intensified upon a race upon whom God has placed his mark, distinguished them from a superior creation created for a distinct purpose.

WASHINGTON, Dec. 20, 1837. MY DEAR SIR:—Permit me to address you on a subject which has excited much feeling throughout the city and county of Philadelphia, and has excited my warmest sympathies.

Five hundred mechanics have been suddenly thrown out of employment in the Navy Yard in Philadelphia, at this inclement season of the year. Most of them depending on their daily labor for their support, you can easily appreciate what must be their sufferings.

Large families (as a friend informs me) are in a most lamentable condition, and God only knows what will become of them unless Government give them employment.

Keep it Before the People.

The Steubenville Union says, "Keep it before the people, that James Greely, writing to the Tribune from Washington, less than a month ago, said:—'The evidence is mountain high that a great majority of the actual sellers in Kansas are, and long have been, Free State Men.'"

KEEP IT BEFORE THE PEOPLE! That Messrs. Howard and Sherman, the Black Republican members of the Kansas Investigation Committee, after travelling all over the Territory of Kansas, and after making particular inquiry on the point, state in their official report that a majority of the people of Kansas are Free State Men.

KEEP IT BEFORE THE PEOPLE! That nine-tenths of the Kansas correspondents of the Black Republican journals, and nineteen-twentieths of all others who write from the Territory, give the same assurance.

KEEP IT BEFORE THE PEOPLE! That Messrs. Howard and Sherman in their official report "that in the present condition of the Territory, a fair election cannot be held without a new census, a stringent and well guarded election law, the selection of impartial Judges, and the presence of United States troops at every place of election."

KEEP IT BEFORE THE PEOPLE! That the Democrats in the U. S. Senate passed a bill "providing for a new census, a stringent and well guarded election law, the selection of impartial judges, and the presence of United States troops at every place of election."
