A Monsren Bareny.—A new brick building. D5 feet long by 51 feet wide, is now in course of erection in Philadelphia, to be hereafter used as a bakery. In the centre of the building will be six vast ovens, dapted to receive and dis-charge bread on an upper and a lower story of the building. In each oven there will be twen-ty six carss, which will constitute, when in the oven, so many shelves, on which, as they pass up and down, the bread is in the process of ba-king. They are made of iron, paved with tile, and will hold eighty loaves of bread each.— They will be driven by machinery, worked by steam. The bread, which will be disclarg. the upper mouth of the oven, will be discharg at the lower, and that received at the lower charged at the upper. The kneading is to accomplished by machinery, so that the ob-tions as to the use of hands and arms will be he ac colours as to the use of hands and arms will be rolded. A rail track will run in the rear of is ovens, to provide the fuel and take dway o ashes.

All the countres in the United States and Territories are named and colored on the face of the map. Of course it contains all the Railcoads (tooth the dialshed and the finishing). The large scale on which the work is projected has enabled us to give a much better map of *Mazics and Central America* than has ever before been exhibited in connection will, our country. The regions lately in controversy between our country and the British 'Government, as well as those which Gen. Walker's exploits have raised to recent notoriety, are fully and faitfully delineated.— The same is true of Cuba, Jamaica and the West India Islands. In addition to this, the Keys,
