We have been requested to state that the Grocery Stores of this borough, with the and shattered craft to the rudder of the Black exception of J. W. EBY's, will close at 8 o'clock in the evening, from the 18th of August until the 20th of March.

IT ISAAO HAZLEHUBST, the Know-Nothing ndidate for Governor, has determined to try Three years since he could swagger and boast his hand at stumping the State. He is advertised to speak in this place on Monday evening, August 24.

C Thursday, Friday and Saturday of last week, were the holtest days of the season. On the two first named days the thermometer ranged from 95 to 96° in the shade, and on the last named day at 97°. We learn by our exchanges that at August, Ga., at noon on Friday, the mercury in the shade, rose to 106°, and at 9 o'clock, in the evening, it stood at 96.

The Democratic Ticket.

We have no time this week to speak of the proceedings of the Democratic County Convenn and the candidates selected by it for the various offices. The Convention was composed of intelligent men, and the best of feeling pre-vailed. In our next we shall refer to the ticket, and give our views concerning it. In th mean time, let every Democrat go to work, forget all former preferences, and assist to achieve the victory that awaits us.

How IT WORKS .- The beauties of the joi stumping system, as proposed by Mr. Wilmot, were faithfully illustrated by the candidates for the Governorship of Missouri. They were stumping the State together, and during a dison at Gallatin, on the 24th ult., Mr. Stewart charged Mr. Rollins with making false statements, whereupon the latter attacked the former, and a regular fight ensued. Are the people of Pennsylvania willing to have such a practice prevail in this State ?
