

AMERICAN VOLUNTEER.

JOHN B. BRATTON, Editor & Proprietor. CARLISLE, PA., OCT. 29, 1857.

COUNTERFEIT NOTES.—We notice that our contemporaries of the press are cautioning their readers to beware of the counterfeit notes that are in circulation in all parts of the country.

THE AMERICAN VOLUNTEER.—What has become of this old and valuable paper, which we have been accustomed to read with pleasure and profit, weekly, for thirty years?

GOV. PACKER'S INAUGURATION.—The Harrisburg Herald states that arrangements are now in progress for a grand military and firemen's parade there, on the occasion of Gen. Packer's inauguration.

THE STATE FINANCES.—There is a vast difference in the condition of the State Treasury now from what it was when the "hard times" of 1837 came on.

THE PENNSYLVANIA BANK.—The Pennsylvania Bank undertook to speculate in sugars and to raise the price to the consumers. It failed in the experiment.

DEBILITATED MISREPRESENTATIONS.—Our quiet neighbor of the Herald, in an article under the caption of "The Relief Bill," last week, makes assertions which exhibit either a want of knowledge or a disposition to misrepresent.

DEBILITATED MISREPRESENTATIONS.

Our quiet neighbor of the Herald, in an article under the caption of "The Relief Bill," last week, makes assertions which exhibit either a want of knowledge or a disposition to misrepresent.

Every man of ordinary information will pronounce the above a misrepresentation. The writer of it knows it to be false, and he certainly entertains a poor opinion of his reader's intelligence, or he would not dare insult them by making assertions like the above.

Democratic candidates in their love for the "dear people," have denounced the banks as dishonest and the system as corrupt, and have appealed to them to place the reins of government in their hands, as a guarantee that their interests would be cared for.

The above is another stretch of the imagination. The subject of the banks was not discussed at all during the late contest, for the derangement in the money market did not take place until a short time before the election.

No Democratic candidate denounced the banks as dishonest, that we know of, but yet all candidates might have done so with impunity, for it would have been the truth, the whole truth, and nothing but the truth.

THE GREAT FIRE IN CHICAGO, AND LOSS OF LIFE.—A very destructive conflagration visited the city of Chicago last Monday morning.

THE HERMITS.—Gov. Johnson, of Tennessee, reports the purchase for the State of the Hermitage, and its tender to the federal government. In case the tender is not accepted, the Governor recommends that the property be retained as a residence for the future governors of the State.

THE PHILADELPHIA LEDGER RECOMMENDS.—In order to keep change plenty, that traders should sell their wares to suit the currency—that is to deduct the premium on specie, or rather add the depreciation on paper.

LET US SEE.—The recent act legalizes the suspension, and Banks are authorized to go on loaning their funds at a legal rate of interest.

THE PENNSYLVANIA RAILROAD.—The earnings of the Pennsylvania Railroad for the month of September, amounted to \$498,546—being an increase \$82,596 over the corresponding month of 1856.

Colin vs. Paper Currency.

No suggested reform of the Banking system is worth consideration, says the Pennsylvaniaist, that is not based on the idea of more coin and less paper currency.

UPON THIS QUESTION of more coin and less paper currency, we desire to present some extracts from the messages of Gov. BAKER. They will be found interesting at this time, when the people have found out by bitter experience the soundness of the Governor's views.

As an increase of paper circulation at this time, would, in my opinion, be unwise policy. The legitimate ends of business do not seem to demand such an increase.

It is not entirely certain that the Banks will have a majority in the Legislature of Kansas, but there will be a large majority in favor of making it free State.

THE DISSEMINATION OF THE PRECIOUS METAL to points remote from commercial emporia, should be facilitated by every proper means.

NO OTHER FEATURE in the policy of our country, I sincerely believe, so deeply concerns all our great interests as that of the currency.

WHAT IS TO BE THE ISSUE?—The Wash correspondent of the N. Y. Commercial Advertiser says: "A party is rising in favor of a national bank issue of a protective tariff, and of a bank right law.

RAILROAD STOCK AT A DECLINE.—Pennsylvania Railroad stock was down to \$32 per share, on Friday—Reading Railroad stock could only command \$133 per share.

DESKING THE REPUBLICAN PARTY.—The Buffalo Daily Republic, one of the leading Republican papers at New York, has deserted the rapidly thinning ranks of the party it was originally instrumental in creating.
