of matter they will contain. THE DAILY GLOBE will contain a report of the Debates in both branches of Congress, as taken down by reporters equal, at least, to any corps of short hand writers in this or any other coun try. A majority of them will, each, be able to report, verbatim, ten thousand words an hour, while the average number of words spoken by fluent speakers rarely exceeds seven thousand five hundred words per hour. When the debates of a day do not make more than forty columns, they shall appear in the Daily Globe the next morning, which will contain, also, the news of the day, together with such editorial articles as may be suggested by passing events.

It is also my intention from time to time, as

occasion may require, to publish my reminis-cences of the public men with whom I have been associated during the last twenty-eight years. Anecdotes of General Jackson, and the leaders of the party which he conducted, and the leading men of other parties, will, I believe, be interesting now, when partizan bitterness has

In becoming the reporter of the debates of Congress, I deemed it proper to say that the Globe would never be a partizan paper. This pledge will not be forfeited by introducing as a contribution to history, the political traits of character which distinguished the public men of my time. Although I am, and intend to remain a thorough Democrat, I will never obtrude my principles in a way to make them obnoxious to any party. But, in regard to persons and events. which go to make up history, I hope to make Gentlemens' Shawls, all of which will be sold the Globe an honest memoir; and with that very cheap. riew I am resolved to speak independently of

The Congressional Globe and Appendix, will contain a report of all the Debates in Congress, revised by the speakers, the Messages of the President of the United States, the Annual Reports of the Heads of the Executive Depart ments, the Laws passed during the session, and copious indexes to all. They will be printed on a double royal sheet, in book form, royal quarto size, each number containing 16 pages The whole will take, it is believed, between 3, 800 and 3,900 pages, as the long sessions for many years have ranged between those numbers, and the next session will be what is termed This I believe is the cheapest "long one." work ever sold in any country, whether a reprint or printed from manuscript copy, taking for data the average number of words of the long sessions since the year 1848. The average number of pages is 3,876, and the average num ber of words on a page is 2,397; consequently the average number of words of a long session is 9,290,772. As I have sold to subscribers that number of words for S6, it follows that they have paid less than six and one-half cents for every 10,000 words I have furnished them, while I have paid my reporters \$6 29 for every 2,397 words of this work in manuscript. Has any other bookseller, anywhere, ever sold a book in the first instance, while it was new, at so low a rate? I believe not; and so strong is my be lief that I hereby agree to give to any person who shall prove the contrary, a complete set of the debates running back to the year 1833, mak ing forty-three quarto volumes, which sell for \$5 per volume. An act of Congress authorizes these papers to go by mail free of postage.—
The next session will be, without doubt, an unisually interesting one, as it will be the first un der a new administration, and several complex questions must be discussed in it: for example the currency, Kansas, revenue, and other ques tions. The Globe will be, as heretofore only source from which full debates can be ob-
