Preserve your Fruits!
WILLOUGHBY'S PATENT
AIR-TIGHT STOPPER,
For Fruit, Cans, Jars or Bottles,

IS the most simple, convenient, economical and useful article ever invented. It is composed of two plates attached by a screw, between which is placed a circular piece of Gum. The turning of the burr compresses the Gum and spreads it out, thus filling up the opening and making it perfectly air-tight. It can be applied to Tin Cans, Stone or Glass Jars. This Stopper being SIMPLE IN CONSTRUCTION, and so easily applied, is the great desideratum so long wished for, and only needs an examination to convince the most credulous of its superiority over anything yet invented or likely to be.

THE CANS CAN ALSO BE TESTED before putting in the Fruit by filling them with water and putting on the Stopper with a pressure.

Cans, Jars, Glass and Stone, with Stoppers attached, or the Stoppers alone, can always be had at moderate prices of

MANNY STILL AHEAD!

Manny's Combined Reaper and Mower with Wood's Improvement.

IS offered to the Farmers of Cumberland co., for the coming harvest, on the usual accommodating terms. The complete success achieved by this machine at the great National Field trial at Syracuse in 1857, over some twenty competitors, and its unbounded success in this and adjoining counties for the last three harvests, in spite of fierce and energetic opposition, should scarcely leave a doubt in the mind of any farmer, which machine to buy; if any person should however still be in doubt we would ask him to take a Manny machine and try it along with any of the other machines offered to the public as combined machines, and after a fair trial return the worst and keep and pay for the one he considers best.

PRATT'S PATENT
Hay and Grain Rake.

THIS Rake has taken the first premiums at different exhibitions. The public are already aware that this Rake is unrivaled in any market, and is admitted by every person that has seen it work (and who has seen other different machines work) to be the very best Rake now in use, it being an independent cast steel tooth with a cleaner attached. The large number sold the last year, and the efforts of different parties to claim the right to sell, and others representing theirs to be the same patent, is of itself a most convincing proof of its superiority. Besides, over 500 have been sold in Lancaster county alone. We have now a full supply on hand to accommodate other counties. We guarantee to every purchaser our indisputable right to sell the said Rake. The following are a few persons to whom we refer to in this county and York, as having purchased and used the same:

John S. Hoover, David Clark, Gutshall & McGowan, Joseph Brandt, Robt. Bryson, Wm. Watts, M. G. Brandt, John Beltzhoover, Mich. Beltzhoover, Peter Ege, Philip Brechbill, Zook & Sheaffer, C. Hartzler, L. Peffer, Benj. Peffer, T. Galbreath, L. Trego & Bro., James O'Harra, David Lerew, Sol. Hoke, Lewis Pressel, Isaac Prosser, Abraham Smith, Wm. Flase, Benjamin Strickler, Henry Strohm, J. A. Wilson, H. C. Houser, John Sloat, Peter Menges, S. Tuesoot, Jacob Brandt.

For sale by G. W. BRANDT, Carlisle.

The subscriber is also agent for the sale of the Syracuse First Premium Buckeye Mower, with which a successful reaping attachment is now furnished, Aultman & Miller's patent.

We take pleasure in calling the attention of farmers to our *Buckeye Mower and Reaper*, which has in its triumphant practical working during the last harvest so fully sustained the decision of the much abused Syracuse Committee, its success has been complete. Over one thousand were built and sold, and the principle of the double hinge jointed and folding bar, which belongs to this machine exclusively permanently established as the true one for the perfect Mower. We with confidence refer to any or all of the purchasers of the Buckeye for proof of the above, from many of whom have been received the most flattering testimonials. The demand the past season was far beyond our ability to supply, and we trust that orders will be forwarded early the coming season that none may be disappointed. For those requiring a combined machine we recommend with confidence our Reaping attachment. We furnish a rear or side delivery.
