## Important to Females. DR. CHEESEMAN'S PILLS.

THE combinations of ingredients in these
Pills, is the result of a long and extensive practice; they are mild in their operation, and certain of restoring nature to its proper channel. In every instance have the Pills proved success-In every instance have the Fills proved successful. They are certain to open those obstructions to which females are liable; and bring nature into its proper channel, whereby health is restored, and the pale and deathly countenance changed to a healthy one. No female can enjoy good health unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general exposure, cold, or any other cause, the general health immediately begins to decline, and the want of such a remedy has been the cause of so many consumptions among young females.— Headache, pain in the side, palpitation of the heart, loathing of food, and disturbed sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils. In all cases of painful menstruction, or nervous and spinal affections in the back and limbs, lowness of spirits, hysterics, &c. Nor are they less efficacious in the cure of Leucorrhea, commonly called the "Whites." Warranted purely Vezetable, and free from anything injurious to life of health. Full and explicit directions which

should be read, accompany each box.

These Pills are put up in square flat boxes.-Persons residing where there are no agency established, by enclosing \$1 in a letter, prepaid, to any authorized agent, can have, them sent to their respective addresses by return of mail. Sold by one Druggist in every town in the

United States.

Small machine, Large machine Hemmers, (extra) The unanimous favor which has attended the introduction of Wheeler & Wilson's Family Sewing Machine, is sufficient evidence of its excellence. It is needless now to say that this useful instrument is becoming a domestic insti-tution; the fact is recognized by its successful use in thousands of families in every rank in life. To those who have hitherto refrained from

tance, so that personal instruction is inconve-nient, a card of directions is sent, which are a sufficient guide. The mechanism, however, is so simple, and the arrangement so easy, that no difficulty need occur. Many ladies have the machine sent to their residences after having received a half hour's instruction. Any future difficulties are readily surmounted, and then practice alone makes perfect in the use of this as anything else. Domestics and children of twelve years of age readily become proficient in
