The Democrats carried the county for their State ticket by over 300, and elected their Senstor, one Assemblyman, District Attorney, Director of the Poor, Auditor, County Surveyor, and Coroner.

The Republicans, (by the aid of treacherous Democrats,) elected one Assemblyman, Treasurer, and County Commissioner (by 4 votes.)-"great victory."

EGG BEATER .- Every housewife should have tery, it not only performs the work well, but in an incredible short space of time. The beater is turned with a crank, which propels wire dashers right and left, by which eggs or pastries are beat into a foam in a few seconds. It is, indeed, a most ingenious, simple, and useful article, and should be in the hands of every housekeener. Mr. CHARLES-FRANCISCUS, who can be found at Hannon's Hotel, is the agent for the sale of this excellent article.

"GUIDE TO THE ORACLES."-This is the title placed on our table a few days since. The work, to use the language of its author, (AL-FRED NEVIN, D. From a cursory reading of this work, we feel warranted in saying that it will serve as a useful companion to the "Book Divine," and should be in the hands of every parent, students of Biblical science, and Sabbath-school and Bible-class teachers. A considerable quantity of loats, corn, hay and straw was also consumed, together with a number of saddles, bridles, stable tools, &c. The loss to the Government will be some eight or ten thousand dollars.

How the fire originated is not known, but it is very generally believed by the officers that it was the work of two recruits stationed at the post, both of whom were arrested and placed in the guard house.

THE AGRICULTURAL FAIR.
