### Cumberland Nurseries.

31 MILES EAST OF CARLISLE. Middlesex Station, on the C. V. R. R. is close to the Nurscry.

THE proprietor of the above Nurseries, would call the attention of all who wish to plant

rees, to his present stock of Fruit and Ornamental Trees, PLANTS, VINES, &c., &c., comprising as

complete a collection of fruits, of every class, as is to be found in the State. And constituting mainly, such sorts as sixteen years of experience, and careful observation, have proven the very bust for our locality. This latter clause is quite too much overlooked by the inexperienced, through their anxiety to gather new things from other quarters, regardless of the probabilities of deception, through dealing with strangers, or parties of whose reputation and correctness they have no knowledge; and who, if even honest and careful, have not the opportunity and experience to know what is best adap-ted to this section of the State. He would cal especial attention to his extensive stock of healvery tine.

NOTE, 1st. All selections for orchards left to the choice of the Proprietor, will be warranted true to name and combine the most valnable fruits for the place to be planted. 2nd. No inferior trees, or unhealthy stock

ent out under class of good trees. 3d. All trees for parties who cannot call at the nursery, and wish them sent via Railway, will be selected with as much care, as, if the pur 5.00 chaser were present, and the trees packed so as 5.37 to carry safely to any point on the Railroad, for 3.50 which a light charge will be made.

4th. It is not the lowest price, or the largest jobbing houses of New York and Philadelphia, (and uncertain to grow) trees he strives to reach, the largest and best selected Stock of Fall and but correctness and healthy trees, are the two Winter points he professes to fill.

CAUTION. 1st. Beware of reports, and

listen not to the reports that the closed, the stock reduced and such and such articles are not to be had; as it now stands on nearly forty acres closely planted, containing near half a million of trees and plants, in various stages of growth, including all the most reliable articles, old and new, as fast as brought into notice. Many of the new things are held under test, until their qualities have been sufficiently proven to warrant their further dissemination. 2nd. Think not that all trees represented to

be from Millen's, are from the Cumberland Nurseries; for some persons have already been mistaken, by supposing that because, the trees were from Miller, they came from here; when in fact they came from other quarters. 3d. No person or party is authorized to sell

from this Nursery, without a written authorty PRONTEE PROPRIETOR. Catalogues noting the main stock will be fur nished on receipt of two three cent postage Orders solicited, with an carnest desire to
