Dalley's Magical Pain Extractor. TN all diseases inflammation more or less prelominates—now to allay inflammation strike at the root of disease—hence an immediate cure.

Dalley's Magical Pain Extractor and nothing lse, will allay inflammation at once, and make a certain cure.

Dalley's Magical Pain Extractor will cure the following among a great catalogue of dis-eases: burns, scalds, cuts, chafes, sore nipples, corns, bunions, bruises, strains, bites, poison, chilblains, biles, scrotula, picers, fever sores felons, ear ache, piles, sore eyes, gout, swellings, rheumatism, scald head, salt rheum, baldness, erysipelas, ringworm, barbers itch, small pox, asles, rash, &c.

To some it may appear incredulous that so many diseases should be reached by one article; such an idea will vanish when reflection points to the fact, that the salve is a combination of in gredients, each and every one applying a perfect antidote to its opposite disorder. Dalley's Magical Pain Extractor in its effects is magical, because the time is so short between disease and a permanent cure; and it is an extractor, as it draws all disease out of the affect ed part, leaving nature as perfect as before the injury. It is scarcely necessary to say that no house, workshop, or manufactory should be one moment without it.

rio Pain Extractor is genuine unless the box has upon it a steel plate engraving, with the name of Henry Dalley, manufacturer.

of. The most we can say is try us all ye that want good Goods at low prices.

We return our sincere thanks to a generous public for their very liberal patronage, asking a continuation of the same.

JOHN P. LYNE & SON. Carlisle, Oct. 28, 1858. Important to Females. DR. CHEESEMAN'S PILLS.

THE combinations of ingredients in these Pills, is the result of a long and extensive practice; they are mild in their operation, and certain of restoring nature to its proper channel. In every instance have the Pills proved successful. They are certain to open those obstruc-tions to which females are liable, and bring nature into its proper channel, whereby health is restored, and the pale and deathly countenance changed to a healthy one. No female can en-joy good health unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health immediately begins to decline, and the want of such a remedy has been the cause of so many consumptions among young females.— Headache, pain in the side, palpitation of the heart, loathing of food, and disturbed sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils. In all cases of painful menstruction, or nervous and spinal affections in the back and limbs, lowness of spirits, hysterics, &c. Nor are they less efficacious in the cure of Leucorrhea, commonly called the "Whites." Warranted purely Veze-

table, and free from anything injurious to life or health. Full and explicit directions which should be read, accompany each box.

These Pills are put up in square flat boxes. Persons residing where there are no agency established, by enclosing \$1 in a letter, prepaid, to any authorized agent, can have them sent to their respective addresses by return of mail.

Sold by one Druggist in every town in the United States

imall machine, Large machine. The unanimous favor which has attended the introduction of Wheeler & Wilson's Family Sewing Machine, is sufficient evidence of ill excellence. It is needless now to say that this useful instrument is becoming a domestic insti-tution; the fact is recognized by its successful use in thousands of families in every runk in life. To those who have hitherto refrained from N. B. Will be absent from Carlisle the last availing themselves of its advantages, it may not be amiss to say, that its utility is not a pro-blem to be solved, but a success already real ized. The highest testimony is constantly of

fered, confirming the verdict which has gired this instrument so wide and enviable a repula-

This shows our lock stitch. This machine is conceived on a principle stirrely original, being specially and admirably adapted to the most perfect work on every kind of material; and, having been subjected to a three years' test of the most searching chance ter by families, and in various branches of manufacture, with distinguished success, it is believed that, in all the great points requisite to f complete and practical Sewing Machine, it cannot be approached in excellence.

Among the undoubted advantages it possesses over all others, may be named the follow-

ing:
1. Its simplicity of construction, and consoquent freedom from derangement and need of epairs.

2. Its unexampled rapidity and case of operations.

3. Its noiseless movement.

o. Its noiseless movement.

4. The great variety of purposes to which if can be applied, which can be achieved by no other mechanical means. And,

5. The pre-eminent beauty and durability of the work 10,000 lbs.
