The Secret of "Republican" Successes.

"Money makes the mare go," and it makes candidates go, too, especially the old hacks that have boxed the political compass and are now comfortably wallowing in the mire of Black Republican corruption. The following, which we find in our Eastern exchanges, will serve to illustrate:

HOW BLACK REPUBLICAN M. C's ARE ELECTED IN MAINE.—The means employed to elect Republican Congressmen in Maine, and where with means come from, are being explained by Mr. Elder Peck, the defaulting Republican Treasurer of Maine. He is making a clean breast of the defalcation, and, so far from implicating "Democrats high in office" in the transaction, he has made developements that go to the very heart of the Black Republican party. The Bangor *Union* is informed that Peck has made a statement that he expended $3,000 to elect Daniel E. Somes in the First Congressional district, $8,000 to elect Ezra B. French in the Third district, and $4,000 to elect Stephen C. Foster in the Sixth district, and $11,000 to one of the most prominent Republican leaders in Maine. Republican morals are at a very low ebb.

THE WASHINGTON MONUMENT.—A stone has been taken from the monument of Napoleon the Great on St. Helena and presented to the American consul there, by order of the French emperor, to be placed in the Washington monument at Washington. The stone is two feet long and one foot broad and is to be suitably inscribed. It was enveloped in the flags of the two countries and packed for transportation. The French commandant delivered the stone with the remark that it would testify that France still preserves towards the United States the same sentiments as when Washington obtained his place in history.—Mr. Kimball, our consul, begged M. Rougemont to convey to the emperor the sentiments with which the relic was received on behalf of the monument association and the people of the United States, expressing the hope that the friendship of the two countries might perish only when the monument should fall at the consummation of all things, and that the union of the two flags upon this relic might symbolize the national fraternity.

If the consul had hoped for the friendship of the two countries till the monument is completed, it would have amounted to the same thing. Certainly it will never be built by contributions made through the post office boxes. In six months, while the effort was new and the people had an interest in it, the entire collections have been only $2,240—enough to pay expenses and keep the melancholy ruin roofed in. It had better be taken down and the project suspended until the people care enough about it to contribute liberally.

☞ The "colored population" of Hayti were greatly incensed when they heard of the execution of John Brown. Glowing eulogiums on his career appeared in the newspapers, and masses were said for the repose of his soul in the presence of the most distinguished auditories.

Died.

In South Middleton township, on the 4th inst., Mrs. ANN SEARIGHT, aged 69 years and 3 months.

The subject of this notice was more than an ordinary example of those sterling qualities that mark the perfect woman. Retiring and unostentatious, she shunned display; yet in the church, the community, and the family, she was loved for her calm and never-ceasing kindness. Those loved her most who knew her best, and only those who were intimately associated with her, knew the depth and energy of mind. Her last hours were characteristic of her life, having a well grounded hope of immortality. She peacefully awaited the summons of her Master, and fell asleep in Jesus—leaving her testimony to His supporting power in death.

In this Borough, on the morning of the 10th inst., JOHN STUART THOMPSON, son of Joseph C. and Jane Thompson, aged 4 years, 9 months, and 3 days.

BEFORE the Hon. James H. Graham, President Judge and his Associates, the following proceedings were had, to wit:

The undersigned Committee appointed by the Court to visit, examine into, and report upon the mode of management and present condition of the Poor House of this county, beg leave to state, that in the discharge of the duties assigned them, they have visited the institution at different times during the year. There were in the house on the 1st day of January, 1859, 138 of which 34 were colored.—There has been admitted since then 154, of which 7 were colored, making the whole number provided for during the year 292; of these 12 died and 142 discharged, leaving the number in the house on the 1st of January, 1860, 138 of which 36 are colored; out-door paupers 25, making the whole number chargable at the end of the year 163.

We are happy to say that we found everything in good order, all the apartments clean and of healthy appearance, their clothing comfortable and their diet good and nutritious, and the sick receive faithful attentions of the physician. Labor is provided for them that are able to work. The children receive proper care and attention and when old enough are put out to suitable persons. Your committee are fully satisfied that the institution has been well and truly managed during the year.
