From the Reading Gazette.

Gov. Packer's Vetoes.

Packer deserves the thanks of the people for his efforts to arrest some of the many acts of the present Legislature, by the use of the veto power. It has been our unpleasant duty, in the past, to condemn Gov. Packer for a course, in some particulars; but we are nevertheless free to do him justice, and we therefore say, without hesitation, that the position taken in his last annual message, and the course of his administration since its publication, are worthy of the cordial approbation of every Democrat and well-wisher of the State. Although the benefits of his vetoes have been rendered inoperative in numerous instances, by the passage of objectionable bills over his head by a two-thirds vote of the Legislature, yet he is entitled to thanks for the firmness promptitude with which he has used the constitutional power for arresting hasty, ill-considerate and evil legislation. He has discharged *his* duty, at all events, and the responsibility of forcing a batch of worthless corporations upon the community, to assume their substance for private gain, will rest upon those who, in defiance of his authority, have deliberately assumed that responsibility.

Self-interest, and a total disregard of the public wants and wishes, appear to have governed all the acts of the present Legislature. The Opposition majority, as if conscious that their power is destined to be taken from them at the next election, and that many of them will never be returned to their seats, have determined to make the most of the opportunity they now possess, and therefore they have monopolized nearly the whole session in the passage of Bank bills, and charters for innumerable unnecessary and irresponsible corporations; and after hurrying through the Appropriation bill and other important public measures, in less time than has ever been known to be done before, they are about to adjourn next Tuesday, in the most indecent haste, for no other reason, that can be devinced, than to earn their $700 in as short a time as possible.

It was a fit business for *this* Legislature to repeal the law allowing the *truth* to be given in evidence on the trial of indictments for libel, which was passed by the Legislature of 1850, *whose acts will bear scrutiny.* It is true, the Constitution allows the truth to be told of *public men*; but as our honorable legislators could not touch *that*, they have done what they considered the *next best thing* for their own protection, by wiping out the liberal Act which allowed the Press—whose perfect freedom is the people's best safeguard against abuses, oppressions and wrongs of all kinds—to publish *the truth* about all men, "from *good motives* and for *justifiable ends.*" Besides, their expected return to private life, which will be speedy and sure, made the repeal so much the more desirable! Well, in reviving the ancient and absurd common-law maxim that "the greater truth is the greater libel" which England, whence we derived it, has long ago abolished—the Legislature of 1860 will have provided against future criticism and exposure of the corrupt acts of its members. But all the truth that the most presumptuous editor can publish about them, will fall so far short of the reality, that we do not believe any jury in the land will convict him, even though he may no longer give the truth in evidence.

A SLAVE AVENGING THE DEATH OF HIS MASTER.—The Mobile *Register* says, at Louisville, last week an atrocious murder was committed, and the murderer arrested through the courage of a negro slave. The assassin, it appears, knocked at the door of his victim's house after midnight, and on the owner's opening it, attacked him with a razor, cutting off his nose, and inflicting a number of gashes, from which death ensued. The fiend then fled, but was followed by a negro slave belonging to Conly, the murdered man. The faithful slave chased him several squares, and finally overtook and knocked him down with a brickbat. He then mounted the fellow and held him until a policeman, who was also after him, came up and conducted the man to jail. The razor was found but a few yards from where the negro felled him.

EMIGRANT TRAVEL.—The travel of emigrants to the west has commenced much earlier this Spring than usual, judging from the number of persons already sent over the Pennsylvania Railroad. Among those who have recently started to Kansas and other distant places for the purpose of engaging in agricultural pursuits, there have been about one hundred families from the State of Delaware, and also a number from New Jersey. Quite a number of young men from this State have taken passage for the gold regions at Pike's Peak. Judging from present appearances, the emigration to the West will be much greater than any former year since 1857.

☞ The present page of the Speaker of the House of Representatives, first appointed to office by Speaker Boyd, is said to be one of the best parliamentarians in the country, knows perfectly all the rules of order and the routine of business, is acquainted with every member of the House, and is very useful to the Speaker in the discharge of his duties. He is a lad only eighteen years of age.

☞ It is now conceded that of the passengers and crew of the lost steamer Hungarian, not a single life was saved. The number of people on board is not yet definitely known, but is supposed to be about one hundred and fifty.

☞ John Brown, the free colored man who was lately kidnapped in Chester county, Pa., by seven white men, was brought to Baltimore and lodged in a private jail, and offered for sale as a slave. Fortunately it was discovered he was free, whereupon he was released, and returned home.

☞ The Hon. Lewis C. Levin died on Wednesday morning of last week, at Philadelphia. He had been a member of Congress, and was a leading Native American during the existence of that organization. He had lived in retirement for several years past, owing to the failure of his physical and mental powers.

DISTRESSING MORTALITY.—Scarlet fever has been desolating the homes of a number of citizens of Beaver county. In the short space of seventeen days, Mr. John Newton and his wife Elizabeth, of Slippery Rock, were called to lay all their children, four interesting boys, side by side in the church yard.

MURDER WILL OUT.—Among the prisoners captured on board the Mexican steamer Marquese, were two Spaniards, named Carcano and Louis Delisle, who were formerly convicted of murder in New Orleans, but escaped.

ADMISSION OF KANSAS.—The committee on Territories of the House of Representatives have made their report in favor of the immediate admission of Kansas into the Union.

☞ The Iowa Democratic State Convention has instructed its delegates to Charleston, to vote for Judge Douglas for President.

Interesting from Washington.

WASHINGTON, April 2.

Senor Barandiaran is in possession of late dispatches from Miramon's party, which state that Gen. Robles was wounded, but not seriously, during the last day's attack on Vera Cruz. Miramon attributes his defeat to the interference of the American forces with his steamers. It is now charged that the American ships hoisted no colors at first, and were taken for vessels belonging to the enemy. After their colors were hoisted, Commodore Marin ceased firing, but resumed it in defence while retreating.

Dispatches from Costa Rica represent public affairs there as being in an unsettled state. President Mora is still endeavoring to enlist other States in an effort to restore him. The election for President and members of Congress will convene early in May. Letters to the State Department represent Mr Dimitry as earnestly endeavoring to secure the transit rights of the old canal company. All transit propositions will be submitted to the Congress now in extraordinary session. The Cauty arrangement is said to be in popular favor.

The sub-committee appointed by the House Post Office Committee to examine and settle the details of the Senate Pacific telegraph bill, had a protracted session on Saturday, but failed to arrive at any conclusion.

The Presidential cauldron is boiling, and scarcely a day passes that does not change the fortunes of those who are most prominent for the nomination at Charleston. For the last few weeks Hunter stock has been very buoyant, and it is said that nearly all the Southern States will concentrate upon him.

Markets.

PHILADELPHIA, April 4.

FLOUR AND MEAL.—The Flour market is dull. There is very little shipping demand, and the sales are only a few hundred bbls. good Western extra at $6, and in lots to supply the wants of the home trade at $5,62 up to $675 per bbl. Rye Flour and Corn Meal are scarce. The former is selling in lots at $4,12½@4,25, and the latter at $3,50 per bbl.

GRAIN.—There is little inquiry for Wheat. We quote good and prime red at $1,42@1,44 per bush., and small sales of White at $1,55@1,62. Rye is more active; 700 bushels sold at 86c per bu. Corn of prime quality is scarce and firm at 73 cents per bushel. Sales of 1200 bushels damaged at 58 cts. Oats are in fair request at 45c for Delaware and 46c for Penna.

The only Preparation

Worthy of Universal Confidence and Patronage.

FOR Statesmen, Judges, Clergymen, Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall Street, New York, Dec. 20th, 1858.

GENTLEMEN: Your note of the 15th inst., has been received, saying that you heard that I had been benefited by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only the falling off was arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald.

Very respectfully, BEN. A. LAVENDER.

To O. J. Wood & Co., 444 Broadway, New York.

Siamsaton, Ala., July 20th, 1859.

TO PROF. O. J. WOOD: Dear Sir: Your "Hair Restorative" has done my hair so much good since I commenced the use of it, that I wish to make known to the PUBLIC of its effects on the hair, which are great. A man of woman may be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever; at least this is my experience. Believe it all!

Yours truly, WM. H. KENEDY.

P. S.—You can publish the above if you like. By publishing in our Southern papers you will get more patronage south. I see several of your certificates in the *Mobile Mercury*, a strong Southern paper.

W. H. KENEDY.

WOOD'S HAIR RESTORATIVE.

PROFESSOR O. J. WOOD: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your preparation, and found it to answer as the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

O. J. WOOD & CO., Proprietors, 444 Broadway, New York, and 144 Market Street, St. Louis, Mo.

And sold by all good Druggists and Fancy Goods Dealers.
