A GREAT MISTAKE .- The Reading Times says it is a very great mistake for a citizen doing business in that city to suppose that because he can, apparently, save a dollar in purchasing a given article in Philadelphia or New . It is undoubtedly a suicidal course to pursue, and the man of liberal and enlarged views will be careful never to spend a dollar abroad which can be retained at home .-For even to pay a trifle more for any given article here, is better for all concerned than to send away the money out of our circuiation If all would only look at this thing in the proper manner, we would never experience "hard times."

Republican Protest Against Investigation-Covode Alarming his Priends.

We have been promised some very startling disclosures of Democratic corruption from Mr. Covode's Investigating Committee. Heretofore the Republicans have exhibited great glee at the rich placer of fraud which the committee promised to turn up to the indignant gaze of the public. Judge, then, of our astonishmoned before it Augustus Schell, of New York, to produce a list of the contributors in New York to the fund raised in 1856 to assist the Democracy in carrying Pennsylvania, the Tribune changes its tone, and protests against the further pursuit of the inquiry into this branch of the subject. By what right, then, under what color of rea do the Committee undertake to constrain Mr. Schell to give up this private paper and blazon to the world the names of private citizens under circumstances calculated to expose them to odium? Well, when, Mr. Taggart stood up to speak, something funny was expected of him, of course; so, after a few preliminary apologetic remarks, he cast about him for a subject. Suddenly remembering that the 17th of March was St. Patrick's day, he bethought him that it would be "a happy coincidence"—as the reporters say—to level one of his pointed shafts at the Irish citizens. Democratic Victory in Rhode Island.

The bond of New England fanaticism, says the Pennsylvanian, is broken. The smalless of the sisterhood of States, "Little Rhoda," recorded her verdict on Wednesday in favor of the Union and the Constituttion with all its greatness, by electing a DEMOCRATIC GOVER-NOR AND DEMOCRATIC LEGISLATURE—the former by nearly 2000 majority! Never was a more signal rebuke administered to sectional ism; and the whole Black Republican camp stand abashed and terror-stricken by it. Vir tually defeated in Connecticut, they had looked to Rhode Island with intense anxiety, but entire confidence; and the result, so disap pointing and disastrous, has produced an al most universal feeling of tripidation and alarm. New England no longer presents an unbroken front of Sectionalism. Connecticut and Rhode Island have entered their solemn and indignant protest. They are for the Union and against Sectionalism, with all its mad, heretical, and most iniquitous designs. The result, not more in Rhode Island than in siness interest of even New England to the ried the State last year by 5,392 majority. dangerous and destructive tendencies of Abolitionism, and the vigorous growth of an active, ardent and controling Union sentiment among of the victory. It was a fight against odds; but there were distinctly and broadly presented, and the as certain for the Republican candidate for sacredness of the Constitution in all its parts President. Their majority in Connecticut, defended with a zeal and energy which admitted of no misconception. The contest was for dred, carries alarm instead of encouragement the entire redemption of the State from the into the Republican camp. And now Rhode bondage of Sectionalism, and the result has Island has deserted them—has defeated the Rhode Island; all hail!

The Black Republican presses and orators vill attempt to frame excuses and apologies for these results; but it will be unavailing. The fiat has gone forth. Not only the patriotism and the sense of justice of the North, but her business interests, utterly repudiate the aims of Abolition-sectionalism, and refuse to recognize the pretended distinction between Republicanism, People's Partyism and John Brownism. They are held to be one and identical. They are bound together in Congress. They battle together against the rights of the States. They go together to Chicago. The manufactories of Connecticut have condemned them! The trades-people and merchants of Rhode Island have condemned them!

CONNECTICUT ELECTION.

The State Election in Connecticut was held last Monday a week, and the Republicans carried it by the pitifully small majority of 500 votes, after one of the hottest campaigns ever known in that State. A few more such "victories" in New England, and the sectional Abolition party is undone. The vote of Connecticut shows the gradual decline of sniled. Black Republicanism in its stronghold. At the Presidential election of 1856, Fremont carried the State by a majority of 7,705 over Buchanan, and 5,090 over Buchanan and Fillmore combined. Last year the Republican majority in the State was 1,870, and this year, after the most strenuous exertions, and although the vote polled shows a large increase, the Republicans have only succeeded in saving the State by some 500 votes. If the reaction goes on at this rate, Connecticut is sure to cast her vote for the nominee of the Charleston Convention. DEATH OF THE LAST SURVIVOR OF THE WIO MING MASSACRE.-We have intelligence of the death of Mrs. P. Weeden, the last survivor of the ever-to-be-remembered Wyoming massacre. We need scarcely remind our readers of the horrors attending this frightful event. In a single night the entire settlement was laid waste, and most of the inhabitants were murdered in cold blood by Iudians and the British. The historians have told the frightful tale, and all are familiar with it. The poet Campbell has also told it in superb verse. A few of the inhabitants escaped, among whom were the family of William Martin, Mrs. Weeden's father. Mrs. Weeden was twelve years, old at the time, and she retained a vivid recollection of the massacre until her death.-She was a prisoner with her sister in the fort, where every male was put to death by the tomahawk. The sisters left the Valley with their father and mother, and traveled with a flag of truce, through the then dense forest, till within thirty miles of the Connecticut rivor. There they were met by two of Mr. Mar. ming, Pennsylvania, a few days before the massacre, performing the arduous journey of foot. That was the day of iron hands, brat hearts, and wills that never faltered. M. W. died on Friday last, and had one of the largest funerals ever seen in the neighbor
