GENTLEMEN: Your note of the 16th inst., has been received, saying that you heard that I had been benefited by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfally, because I think it due. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagenbilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, great be surprised to find after the need two bottles only. ginal color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only the falling off was arrested, but the

that not only the falling off was arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of the in wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the admiration of their wives to profit by my value the scale it was a standard whom was a standard known to the PUBLIC of its enects on the man, which are great.
