> A DANGEROUS PLAYTHING.—A little daughter of Mr. M'Daniels, in Mason county, Va. three years old, a few mornings since, ran in to the yard of the house highly delighted with a pretty plaything it had found, and was to king it to show to her mother. The mother was astonished to find it a large copperhead snake! The child had one hand just below the neck, and the other about the middle and the forked tongue of the poisonous creatur was projecting from his mouth in a very ven-omous manner. The mother was almost frightened to death, and our informant says she has not got over it yet. A number of the family immediately ran to the child, and after some difficulty succeeded in rescuing it from

its perilous situation without being bitten. Ex-Postmaster Fowler is reported have been identified, a faw days since, at Pike's Peak, by an old resident of New York. Mr. Fowler had assumed the name of Achilles Drance, and is said to have largely speculated in claims. It is also stated that on the first night of his arrival in Denver City he entere a gambling saloon and won \$2000. He fled from the Peak, after being recognized, men tioning Australia as his destination.

M'Cormic's Reaper and Mower HIGHLY IMPROVED FOR 1860.

HIGHLY IMPROVED FOR 1860.

CONSTRUCTED from the first on correct principles, it has always been eminently successful, and with its present improvements fully meeting all the requirements of the age, it now defice all competition.

Farmers who may desire it are it liberty to work one of these Machines through the hurvest with any other, and keep and moving, in both wet and if meeting a pound weight on the horses neck; its execution in reaping and mowing, in both wet and made, with the lightest draft of any Machine now in use. It is so constructed that the labor of raking off is very much lightened, a caster wheel, on an entire new principle, on the grain side, wholly relieves the horses from the pressure of the machine from strain in turning, and is, so arranged that the cutting bar is completely and easily thrown, over obstructions while in motion by the driver, without the use of levers and complicated machinery. A very decided and important feature in its improvement consists in its perfect arrangement for separating and cleaning the track in mouring.

It is the most simple; most substantial, most durable, and in overy way the most complete, and roli, able Reaper and Mower in the world, and as such is warranted.
