Latton from : Exercisident, Pierco. The following letter from Ex-President Pierca appears in the Boston Post, in renly to a letter from B. F. Hallotte .. It will bo observed that Mr. Pierce, as an impurtial Demoarat, approves of the proposed union upon a ingle electoral ticket in Pennsylvania

HILLSBORO, N. H. June 20, 1860 My Dear, Sir: - Your letter from Baltimore rected to me at New York and forwarded hence to Concord, has at last reached me ere, and I will not lev it aside without say-ng a word in reply. Your rejection as a dente was, in my judgment, a clear violation the spot, as it has me since, to observe that ie wrong perpetrated in your exclusion was not more palpable than your vindication of sound principles and of your claims to a seat s conclusive and triumphant.

It was vain to hope for harmony after the ction of the majority upon the report of the ave failed to be understood generally, that uch action, must terminate the existence of the Convention as a body representing the Democracy of the Union, and eventuate in the esent condition of the powerful and patriotorganization, which has so long upheld the qual rights, and vindicated in peace and in or, the common bonor of these confederated tates. There has been, in fact, no nominaon made in conformity with the established and recognized usages of that organization and hence sound and faithful men will find hothing in the proceedings, so far as the nominees are concerned, to bind their party fealty. Under these circumstances, it would gratify Inder these circumstances, it would grantly to exceedingly if our friends in all sections of the land would unite carnestly and cordulting the support of Mr. Breckinglye and co. Lane, and thus insure for our cause sigvictory; but this cannot even be hoped. What then is to be done with a result o repugnant/ta:our wishes? . It is of less ousequence of discuss, who were right and ho wrong upon the question of membership the Convention, than it is to determine how e Democratic party, which united is invin-ple, can avert the calamity of an irreconcido., Family lable breach. If division is at present inevitable, it may be well to inquire whether it is wurrs Whar to be permanent. Is devotion to principle, to the equal rights of the States, and to the inegrity of the Union, to be sacrificed to any bject of personal ambition, or what is worse, possible, to the blind control of pussion, of ich we have already had too much? Have doctrines and sentiments of sectional facism which culminated last year in the ned invasion of a sister State with the wowed purpose of exciting insurrection, coaled to be dangerous? Where is the evidence f change in the direction of sounder and more our countrymen who are opposed to the prin-iples and policy of which Mr. Lincoln and Mr. Hamlin are now the representative men.
While it would be oulpable weakness to intermit effort for the right, there is neither wisn nor courage in turning from a full view of the embarrassments which beset our party, and the dangers which threaten our country

Prof. O. J. Wood: Dear Sir: Your Hair Restorative is rapidly gaining popularity in this community. There had occasion to lay prejudice aside, and give your Hair Restorative a porfect test:

During the year 1854, I was so unfortunate as to be thrown from my sulky against a rock next the roadside, from which my hoad received a most terrible blow, onusing a great deal of liftiation, which communicated to the brath and external surface of the head, from the effects of which my hair was finally destroyed over the entire surface of the head. From the time I first discovered its droping, however, up, to the time of, its total disappearance, I omployed everything I could think of, being a professional man myself, and, as I thenght, understanding the nature of the discase, but was finally defeated in every prescription advanced.

These and no other circumstances induced me to esort to your worthy Hair Restorative, which I have every reason to believe, produced a very happy re-sult.
