A sentry on Sullivan's Island, in the harbor of Charleston, fired into a boat from Fort Sumter on Monday night. The boat was manned by three men, and as they neared the heach they were ordered off; but failing to obey, the sentry fired upon them, whereupon the boat beat a retreat. It was believed that one man was wounded badly. While some persons supposed the men in the boat were deserters, others believed that they were a party bound upon the desperate expedition of spiking the guns of the secession battery.

Report of Poor House Visitors To the Honorable the Judges of the Court of Quarter Sessions of Cumberland County. I'II E undersigned committee appointed by

the Court to visit and examine into the condition and mode of management of the Poor Rouse of this country, respectfully report.

That in the discharge of the duties assigned us, we have frequently visited said institution during the past year. At each visit we made a thorough examination of the different apartments, and are examination of the different apartments, and are examination of the state that under the available. ratified to be able to state, that under the systema ic mode of management adopted by the present Stew-ard, good order, cleanliness and comfort are obser-vable in all of them, with the exception hereinafter noticed. The well white-washed watt, the closus scrubbed floor, the neatly arranged and tidy appearance of the beds and bedding, the absence of vermin, the generally cheerful and contented countetenances of the inmates, with their expressions of grateful acknowledgements of kindness received; satisfied us, that poverty, filth and degradation are not necessary concomitants of this institution, but that by judicious management, it may be rendered a comfortable home for the recipients of its charity. Our knowledge of the character of the Directors justifies us in cherishing the hope that this source of complaint against their institution will soon source or complaint against their institution will soon be removed. In conclusion, we would respectfully suggest, first, that when any insane person shall be admitted to this institution, whose cure is deemed practicable by the attending physician; the Directors make immediate application by petition to the proper Court, (if such a course is necessary and proper,) for an order for the senioral of such insane person in the Stot Lynch had been a contract of the senioral of such insane

Bath, Maine, April 18th, 1859. PROF. O. J. Wood & Co.: Gents .:- The letter Prof. O. J. Wood & Co.: Gents.—The letter I wrote you in 1858 concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerious enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes.—My hair is even better than in any stage of my life for 40 years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if cared were used by wiping the face in close connection with the whiskers, the same result will connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and ving claims will present them duly authenticated for Stlement to MARTIN J. Notice.

Letter S of Administration on the estate of Elizabeth Gram, doe'd, late of the borough of Mechanicsburg; have been issued by the Register of Cumberland County, to the subsoriber residing in Upper Allon township. All persons indebted to said estate are hereby requested to make immediate payment, and those having claims will present thom for some menths, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face: and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful: I gave it to my friends and thereby induced them to try it, many were skeptical until after trial; and then purchased and used it with universal success. I will ask as a favor, that you sond me a test by which I can discover fraud in the manufacture and sale of various compounds as well as this, it has, no doubt been based with an abolitic injury. I have not used any of your Restorative and select for my hair taked and been used, not only without any good effect, but to absolute injury. We are willing to believe that the Directors, Physician and Steward would cheerfully afford every facility, and use all the means in their power to alleviate the suffering of the unfortunate insane committed to their charge, but that they are almost newspless in engagement the present defe most powerless, in consequence of the present defec-tive and inadequate arrangements for that purpose. We do not think, so far as regards the care and treatment of cases of recent insanity, that these arrangements can be satisfactorily modified. But can-not they be altered and improved and the building colarged, if necessary, so as to provide sufficient and comfortable quarters for the incurably insane who need restraint.
