The Only Discovery WORTHY OF ANY CONFIDENCE FOR RESTORING THE

BALD AND GRAY. ANY, since the discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparations, and have been forced to leave the field to its resistless sway.

Read the following:—

Bath, Maine, April 18th, 1859. Pror. O. J. Woon & Co.: Gents .: The letter I Prof. O. J. Wood & Co.: Gents:—The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in wood early and of natural column. still continue to be in good order and of natural col-or? To all I can and do answer invariably yes.— My hair is even better than in any stage of my life for 40 years past, more soft, thrifty, and better col-ored; the same is true of my whiskers, and the onored; the same is true of my whiskers, and the enly cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if cared were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New lingland, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, no doubt been basely imitated and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some menths, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my es, and Vermin disapppear immediately. Ecken & Stouffen, Druggists, New Windsor, Md. or, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face: and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful: I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchused and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Bestensium sold by many I fear, without and you send me a test by which I can discover fraud in the Restorative, sold by many, I fear, without authority from you. A pure article will insure success, and I believe where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who enquire of me of my unshaken opinion of its valuable results. I remain, dear sir, yours, A. C. RAYMOND.

Aarons, Run Ky., Nov. 30, 1858.

Prov. O. J. Wood: Dear Sir.—I would certainly be doing you a great injustice not to make known to the world, the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Restarative. After using every kind of Restoratives extant, but without success, and finding my head nearly destitute of bair, I was finally inluced to try a bottle of your Hair Restorative.--Now, candor and justice compel me to announce to whoever may road this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was.
