BELLINGHAM'S

CELEBRATED

STIMUATING ONGUENT,

For the Whiskers and Hair.

The subscribers take pleasure in announcing to the Citizens of the United States, that they have obtained the Agency for, and are now enabled to offer to the American public, the above justly celebrated and world-renowned article.

THE STIMULATING ONGUENT

is prepared by Dr. C. P. BELLINGHAM, an eminent physician of London, and is warranted to bring out a thick set of

Whiskers or a Mustache

in from three to six weeks. This article is the only one of the kind used by the French, and in London and Paris it is in universal use.

It is a beautiful, economical, soothing, yet stimulating compound, acting as if by magic upon the roots, causing a beautiful growth of luxurinat hair. If applied to the scalp, it will cure BALDNESS, and cause to spring up in place of the bald spots a fine growth of new hair. Applied according to directions, it will turn RED or TOWY hair DARK, and restore gray hair to its original color, leaving it soft, smooth and flexible. The "ONGUENT" is an indispensable article in every gentleman's toilet, and after one week's use they would not for any consideration be without it.

The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.

Price One Dollar a box—for sale by all Druggists and Dealers; or a box of the "Onguent" (warranted to have the desired effect) will be sent to any who desire it, by mail (direct,) securely packed, on receipt of price and postage, $1 18. Apply to or address

CARLISLE FOUNDRY,

Farming Implement Depot.

F. GARDNER & CO. now manufacture and keep constantly FOR SALE, at their extensive Steam Works on East Main st., Carlisle, a large assortment of Agricultural Implements, of well known and approved usefulness to Farmers, among which they would call especial attention to

WILLOUGHBY'S CELEBRATED

Patent Gum Spring Grain Drill,

which has taken over fifty first class premiums at State and County Fairs. To the farmers of Cumberland, York and Perry counties we need not speak in detail of the merits of this drill, as scores of them are now in use on the best farms in those counties. Its reputation is established as the most complete grain drill now manufactured in the United States. It sows Wheat, Rye, Oats, Barley and Grass, evenly and regular, without bunching the seed. The gum springs pass the drill over stumps and stones, without breaking pins or the drill. For even and regular sowing, the Willoughby Gum Spring Drill is unequalled by any other. We also manufacture and sell the following articles, which we can recommend to farmers as reliable implements of established character:

Morrison's Patent Corn Planter,
