POINT OF ROCK. June 15. The obstruction on the Baltimore and Ohio Railroad at this point has been removed, and the road re-opened to Harper's Ferry. This morning an immense boulder, weighing about one hundred tons, thrown from Point Rocks upon the road by the confederates, was removed last night by blasting, and the track now passed over its crushed fragment. An immense mass of the rock projects into the ca-nal leaving sufficient space however for the page of boats. The obstruction can be easily removed by blasting. The culverts attempt ed to have been blown up are now fully repaired Picket guards of cavalry are stationed on the Virginia side within sight of this point, they are but few in number-not more than six it is said.

That has been determined by the government to give every man of whatever rank serving in the army or navy a deploma on parchment paper, signed by the President and head s of Departments.

During the war of the Revolution, 220,-000 soldiers were furnished by the different States. Of these, the Southern States fnrnished but 15,000, while Massachusetts alone sent 68,000.
