BATTLE IN WESTERN VIRGINIA.

Trible Execution by our Artillery—500 Rebels Killed and Wounded—Our loss Tn Killed and Eleven Wounded.

CHEAT MOUNTAIN, Thursday, Oct. 3. This morving, at one o'clock, a portion of Brig. Gen. Reynolds' brigade, consisting of three Ohio Regiments, the 24th and 25th, and 32d, and portions of six Indiana regiments, the 7th, 9th, 13th, 14th, 15th, and 17th, together with detachments of Bracken's Indiginia Artillery, numbering in all 5000 men, left Cheat Mountain to make a reconnoi-sance in force in front of the enemy's position on Greenbrian river, 12 miles distant.

Col. Ford's 32d Ohio, was sent forward to hold an important road, the occupation of which prevented the enemy from flanking our

the mountain.

Loomis's Battery, getting in position, supported by the 17th Indiana regiment, opened the battle. The shot was immediately responded to by an enemy conceiled in the bush, but who was soon routed by the 14th Indiana, with a loss of 7 killed, a large num-

bor wayneled and to be mails more.

Howe's battery supported by the 19th Indiana then moved forward, taking a position 300 yards nearer the enemy's fortifications, opening a brisk fire. The firing on both sides was almost incessant for one hour, our artillery doing great execution, judging from the lamentable shricks of their wounded.— The enemy's battery did comparatively little injury, their gaus being too much clevated. Our gaus effectually silenced three of their guns. While observations were being made of the enemy's fortilications, occupying three more hours, an irrogular artillery fire was kept up, occupying the enemy's attention .-During this interval, the 25th Ohio and 15th I diana rendered efficient service in scouting

the mountains before the close of the recor noissance, which was most satisfactory, The enemy received heavy re enforcement from their camps near Monterey, making their strength about 15,000. Although this reconnoissance partakes more of the charac ter of a regular engagement than any previous battle in Western Virginia, our loss is but 10 killed and 11 wounded. It is impossible to ascertain the loss of the enemy. It will not however fall short of 500 killed and wounded, as our artille y did terrible excee

Their camp was situated on a slope of the mountain, supported by a number of guns. We captured thirteen prisoners from the onemy, and also a lot of cattle and horses. The reconnoissance proved entirely suc

cessful, affording information relative to the enemy's strength which could not be never talmid by security.

From Missonri. Syr. cuse, Mo., Oct. 13. [Special to the St. Louis Republican.]—Gen. Cameron, necompanied by Adjutant General Thomas, spent Saturday night at Jefferson City, and arrived in Tipton about 9 o'clock yesterday morning. After break fasting in camp they rode over to this place. c. accompanied b Fremont and staff. Upon its arrival here the party alled upon Gen. McKinstry, and after rienging half an hour with him, proceeded, in company with him, his staff and several other gentlemen, to review Gen. McKinstry's

division, which is an enumped here.

At the close of the review Ger. Cameron under a few well-timed remarks to the troops, expressing the highest gratification at the condition in which he found them, and the utmost confidence that in the hands of such men the honor and success of our country' arms were safe. Loud cheers were given for Generals Cameron, Fremont and McKinstry, after which Gen. Cameron and his party, ac companied by Gen. Fremont and staff, went by rail to Tipton, where they reviewed Gen. Asboth's Division, which was also in excel-

lent condition. Then they went in a special train to St. L. ais.

It is understood that Gen. Cameron came here, at the request of the President, to examine into the condition of affairs in this Department, and that he professes himself highgratified with the condition of Genera remont's army. Col. Merrill's envalry have gone down—the

While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the luyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly; and many of them surely, cured by the same means. DR. AYRE: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE. As a Family Physic. (From Dr. E. W. Cartweight, New Orleans.) Your Pills are the prince of purges. Their excellent qualities surpass any enthantic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes thom invaluable to us in the daily treatment of disease.

Beudgelie, Siele Headache, Foul Slamach. (From Dr. Edward Boyd, Baltimore.) DEAR Buo. Aven: I cannot answer you what complaints I have cared with your Pills better than to say all that we ever treat with a purgative medicine. I place great dependence on an effectual eathertic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

Pirrsnung, Pa., May 1, 1855. Dr. J. C. Aven. Sir: I have been repeatedly cured of the worst heidracke any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. G. Yours with great respect. ED. W. PREBLE, Clerk of Steamer Clarion.

Bilious Disorders - Liver Complaints. (From Dr. Theodore Bell, of New York City.)
Not only are your Pills admirably adapted to their purpose as an aperient, but I find their boneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the professional and the people. of the professional and the people. DEPARTMENT OF THE INTERIOR,

DEPARTMENT OF THE INTERIOR, Washington, D. C. 7th Feb., 1850. Sin: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best enthartie we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them. Fratermally yours, ALONZO BALL, M. D., Physician of the Marine Hospital Dysentery, Diarrhaia, Relax, Worms. (From Dr. J. G. Green, of Chicago.) Your Pills, have had a long trial in my practice, and I hold them n esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for billious discentery and diarrham. Their sugar-coating makes them very acceptable and convenient for the use of women and abbillious.

Constitution, Costiceness, Suppression, Rhoumatism, Gout; Neuralyia. Dropsy, Paralysis, Fits, etc. (From Dr. J. P. Vaughn, Montreal, Canada.) Too much cannot be said of your Pills for the curo of costiceness. If other of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiceness to originate in the liver, but your Pills affect that organ and cure the disease.
