Take Ayer's Pills, and cleaus out the disordered humora—purify the blood, and let the fluids move on out to obstructed in health again. They stimulate the functions of the body into vigorous activity, purify to system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the deraugements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with itthe buoyant feeling of health again. What is true and so apparent in this trivial 121 common complaint, is also true in many of the deep scated and dangerous distempers. The rame purgative effect expels them.
