AYER'S **CATHARTIC PILLS.**

A RE you sick, feeble, and complaining? ARE you sick, feeble, and complaining?—
A. Are you out of order, with your symm doranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayor's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its instural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep seated and dangerous distempors. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the some means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

I place great dependence on an effectual enthartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855. Dr. J. C. Ayer. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stometh, which they clean o at o neo. Yours with great respect, D. W. PREBLE, Clerk of Secumer Clarion.

Stri: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best catharite we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case thintow disease so obstinate that it did not readily yield to them.
