directly they restore the natural action of the sys-tom, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deop seated and dangerous distempers. The same pur-gative effect expels them. Caused by similar ob-structions and derangements of the natural func-tions of the body, they are rapidly, and many of them surely, cured by the same means. None who have the virtume of these pulles will work on the the world to produce their equal. These BITTERS for the cure of WEAK STOMACHS, RIGHTMACHES IN THE CATE OF WEAR STOMACHES, GENERAL DEBILITY, and for PURIFYING and EX-RIGHTMG the BLOOD, are absolutely unsurpassed by any other remedy on earth. To be assured of this, it is only necessary to make the trial. The Wine itself is of a very superior quality, being one-third stronger than other wines; warming and invigorat-ing the whole system from the head to blue feet. As

ing the whole system from the head to the feet. As these Bitters are tonic and alterative in their charac-ter, so they etrongthen and invigorate the whole system and give-a fine tone and healthy action to all its parts, by equalizing the circulation, removing obstructions, and producing a general warmth. They are also excellent for Diseases and Weakness peculiar to FEMALES, where a. Tonic is required to STRENTIEST AND BRACE THE SYSTEM. Some fit of sickness is corporate and the serious series of the series toms are often the prelude to sorious illness. Some fit of sickness is creeping upon you, and should be avorted by a timely uso of the right remedy. Take Ayor's Pills, and cleanse out the disordered humors —purify the blood, and let the fluids move on un-obstructed in health again. They stimulate the functions of the body into vigorous activity, puri-fy the system from the obstructions which make disease. A cold settles somewherein the body, and obstructs its natural functions. These, if not re-lieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease.
