CLEMENT & STARK'S GREEN MOUNTAIN

WASHING MACHINE PATENTED JUNE 8, 1858. machine is so very simple

5.—Blackwood's Edinburgh Magazine, (Tory.)

These periodicals ably represent the three great political parties of Great Britain—Whig, Tory, and Radical—but politics forms only one feature of their character. As organs of the most profound writer, on Science, Literature, Morality, and Religion, they stand as they over have stood, unrivalled in the stand as they over have stood, unrivalled in the stand as they over have stood, unrivalled in the stand as they over have stood, unrivalled in the stand as they over have stood, unrivalled in the stand as they over have stood, unrivalled in the stand as they over have stood, unrivalled in the stand as they over have stood, unrivalled in the stand as they over have stood, unrivalled in the stand as they over have stood, unrivalled in the standard of the standard pelled to endure the trials of the washing day.—
This Machine is a great self-labor saving Invention.

It is the universal expression of those who have used it, and they are legion, that the hitherto long and laborious work of washing day is "made quick and easy," by the use of this machine; and the time is now at hand when no family should be without one.

The Proprietors have no hesitancy in saying that this is the acme of Washing Machine Invention,

The Propretors have no destancy in saying that this is the acmo of Washing Machine Invention, and worth more than all others combined. It is in fact the "NE PLUS U TRA" in this line of invention. For confirmation of the above, call and examine one at the shep of J. R. WEAVER, North lanover Street, Carlisle. Carlisle, Dec. 12, 1861—1y*

AND FOR SALE.—I have three quarter sections of land, containing 471 acres in all, laying an Loramies Creek, five miles north of Piqua, in Shelby county, Ohio—was among the first entries made so far north in the Land Office at Cincinnati—about half of each tract under good fence, and in cultivation, with comfortable buildings on two of the tructs—The Miami canal passing through two of the tracts—The Alami canni passing through one of the tracts and in view of the other two.—
This land is put in market for no other reason than my inability to manage it to advantage any longer, being in my seventy-sixth year of age. There is a rough black stone on it, said by persons claiming to know, to be iron ore.

\$10,000 MORE than fashion-plates of the old style, and nothing but

than tashion-plates of the old style, and nothing but our wonderfully large circulation enables us to give them. Other magazines cannot afford it. We never spare money when the public can be benefited.

These fashions may be relied on. Drosses may be made after them, and the wearer will not subject. herself to ridicule, as would be the case if she visited the large cities dressed after the style of the plates given in some of our scalled fashion magaplates given in some of our so-called fashion maga-OUR WOOD ENGRAVINGS.
