Bowge Dons' IMFERIAL WINE BITTERS, and in this short period they have given such univer-sal satisfaction to the many thomsands of persons who have tried them that it is now an established article. The amount of bodily and mental misory arising simply from a neglect of small complaints is supprising, and it is therefore of the utmost impor-tance that a strict attention to the least and most trifting bodily ailment should be had; for diseases of the body must invariably effect the mind. The subscribers now only ask a trial of

from all that have not used them. We challenge the world to produce their equal. These BITTERS for the cure of WEAK STOMACHS, EXERAL DEBILITY, and for PURFYING and EN-MIGHING the BLOOD, are absolutely unsurpassed by any other remedy on earth. To be assured of this, it is only, necessary to-make the trial. The Wine itself is of a very superior quality, being one-third stronger than other wines; warming and invigorat-ing the whole system from the head to the feet. As these Bitters are tonic and alterative in their charac-ter, so they strongthen and invigorate the whole system and give a fine tone and headthy action to all its parts, by equalizing the circulation, removing obstructions, and producing a general warmth. They are also excellent for Diseases and Waakness peculiar to FEMALES, where a Tonic is required to STREMOTES AND BILLES, where a Tonic is required to the action of the and fainteess, should be without thomy as the are revivifying in their action.

For Sore Throat, so common among the Clergy For Sore Throat, so common among the Clergy they are truly valuable. For the aged and infirm, and for persons of a weak constitution—for Ministors of the Gosple, Lawyors, and all public speakers—for Book-Keep-ors, Tailors, Seamstresses, Students, Artists, and all persons leading a sodentry life, they will prove truly beneficial.

As a beverage, they are wholesome, innocent, and deficious to the tiste. They produce all the exhil-nrating effects of Brandy or Wine, without intoxica-ting ; and are a valuable remedy for persons addictod to the use of excessive strong drink, and who and who wish to refrain from it. They are pure and entirely, free from the poisons contained in the adultorated Wines and Liquors with which the coun-

try is flooded. These Bitters not only CURE, but PREVENT Disease These litters notonly cone, but prevent of the very lisease, and should be used by all who live in a country where the water is bad, or where Chills and Fevers are provalent. Being entirely innocent and harm-less, they may be given freely to children infants
