Which will be sold unusually cheap. Before enumerating our stock we wish to make known to the public a most singular fact: That the onward march of our glorious army, the great success of Burnside and Goldsboro in North Carolina, the energetic advance of Foote and Grant on the Cumborland, the fall of Forts Henry and Donelson, and the capture, of sixten thousand prisoners the energotic divince of Evots Honry and Donelson, and the capture of sixteen thousand prisoners, should cause such a sudden downfall of prices in Cotton Goods in Carlisle, while it has made no material change of prices in our Eastern cities, nor the opening of cotton ports along our coast has not lowered the prices. But the opening of the great "Cotton Emporium," or "Regulator," as some of our customers have styled our establishment from Chambersburg, that has had the desired effect and brought goods to their proper prices. In view of the above fact we would respectfully solicit a share of the public patronage. Look to your interests then and sustain the house that is the means of lowering the extravagantly high prices.

CLEMENT & STARK'S GREEN MOUNTAIN

Washing Machine. PATENTED JUNE 8, 1858. PATENTED JUNE 8, 1858.

THIS machine is so very simple in construction, and efficient and easy in operation, that a key or girl 10 or 12 years of age can perform the services of Washing with ease, and do it in 1-4 the time that a grown person can without a Machine. This is a great saving to those that hire; also, to the bone and muscles of those who are compelled to endure the trials of the washing day.—This Machine is a great self-labor saving Invention.

It is the universal expression of those who have used it, and they are legion, that the hitherto-long and laborious work of washing day is "made quick and oasy," by the use of this machine; and the time is now at hand when no family should be with out one.
