RUMORED ADVANCE INTO PENNSYLVANIA. WASHINGTON, September 8.

Washington, September 8.

Intelligence received last night, and additionally confirmed this morning, of the occur pation of Frederick City, Maryland, by rebel forces, naturally excited much surprise, mingled with indignation and alarm.

Frederick is about sixty miles from Baltimore by the railroad line, and forty overland from Washington by way of Rockville, Darnstown and Poolsville, Md. There are but limited apportunities here of obtaining information from that point; almost all the intelligence coming by way of Raltimore.

The government authorities received the news early yesterday evening in a written news early yesterday evening in a written or documentary form. During last night im-

nense bodies of troops were in motion for the Upper Potomac and elsewhere, and to-day the military operations continue: Nearly all the robel troops have apparently been withdrawn from our front; certainly none in large force remain. Their next movement is a matter of conjecture, but precautions have been taken to guard, in certain quarters, against possible damages by them. There is no doubt that large reinforcements of robels were yesterday passing from Ashby's Gap south of Leesburg, as if intending to cross at Washi Katon, Sept. 6.—General Pope at his own request, was yesterday relieved of his command in order to enable him to prefer charges against Generals Fitz John Porter, tillery; then infantry, with the baggage in the rear, and these again are followed, in the rear, and these again are followed, in the rear, and these again are followed.
