FALSE CHARGES, THE PRESIDENT'S LATE PROCLAMATIONS. The York Democratic papers are making charges against Mr. BAILY, the regular nom ince of the Democratic party for Congress which are as vindictive as they are false.

They say he is the nominee of the Republican Conforces. This is false. The Republican Conference adjourned without making any nomination. They stigmatize him as an Abolitionist .--

This is false. During his entire Congressional career, he voted uniformly against Abolition schemes as fast as they came up. Nor did hé, for the purpose of obtaining big contracts from the Government, represent himself as a warm "Lincoln man" and Abolitionist, as did some of the men who are now slandering him by denouncing him as an Abolitionist. They say he has not denounced corruption. This is false. He did, in his speech, denounce, in severe and withering language, all Government peculators-not even excepting those pure and very conscientions Democrats who got contracts, and made some \$200,000, by pretending great love for "old ABE." When the resolution consuring OAM-ERON. WELLES and CUMMINGS, was voted on, we found Mr. BAILY's name in the affirmative. The York papers, among other complaints, say Mr. BAILY has done nothing for York county. In the name of honesty, what could he have done for York county, except to represent her, to the best of his judgment? He had no patronage to bestow ; he had no influence with the administration, and even if he had influence, surely Mr. GLOSSBRENNER'S "radical" Democratic supporters would not accept office under LINCOLN. Now, we will

make this bargain with our friends of York -after we again elect Mr. BAILY to Congress, we will agree that he shall give York county every office in his gift. We hope this will satisfy our sore-head neighbors. Another alligation against. Mr. BAILY is that he has not stood up for the "Union as it was, and the Constitution as it is." This is false. Mr. B. declared in his speech that he was in favor of this very thing.

Another charge is that he dodged the ques tion and did not vote on the District of Columbia Emancipation bill. Mr. BALLY was The fanaties in the late Congress acted upat home in Perry county, when that vote was on the abused idea, that slavery must be detaken. We know he had to be at home on stroved before the rebellion can be crushed that day ; he could not help it. At 1 o'clock, P. M., the meeting was again called to order, when Mr. Willis offered the following resolutions, which he said he did as a "pence offering:" "Resolved, That we recommend to the

The original resolutions were then called for, when Mr. Whenry took the floor, and addressed the meeting at some length, stating that he could not vote for either of the series. of resolutions offered ; the first because they were disorganizing in their character, and ceause we had no right to annul the action of the County Convention, and the second, because the language was too harsh towards those who refused to support Mr. Baily. THE CONGRESSIONAL QUESTION MR. EDITOR :

It is, to my mind, rather humiliating than this, to my mind, rather numinating than otherwise, to see the unblushing and impu-dept attempt on the part of that immaculate Democrat, A. J. Glossbrenner, of York, who, New England Governors, who assembled the other day in Providence, informed the Presi-dent that they were not prepared to assist him any further in putting down the rebel-lion unless he changed his policy. There must have been some very heavy prossure brought to bear upon him to have produced so sudden and radical a chauge in his opin-ions. In addition to the threats of the New England Governors, New York polities, it ap-pears from the World, had also something to do in extorting from the President his extraposition he once occupied Anator one of the Justices of the Supreme Court of Pennsylva-nia, aftorwards Attorney General of the Uni-ted States, and subsequently "Secretary of State, during Mr. Buchman's administra-tion, to that of a country County Conferce, and Mr. Gluesbroundy in his discrementation to aid Mr. Glossbrenner in his disorganizing purposes to distruct the party, unless their unjust and anreasonable denkinds-were con-curred in.
